LATEST EQUIPMENT. A new self-contained breathing apparatus, one of five just received by the Granite City Fire Department, is demonstrated by Fireman Keith Talley for other firefighters. The five complete breathing units were purchased with a \$2,000 grant from the Madison County Firemen's Association and

\$1,600 from the city's safety department budget. The new units are more efficient and 24 percent lighter than the units presently in use for fighting smoky fires. From the left around Talley are Capt. Leroy Harshbarger, Capt. Edward McGovern and Fireman Don Hayes.

GC offices brace for payroll cuts

By GARY SCHNEIDER

What would be the effect of reducing the manpower in every Granite City department by 20 percent, as mandated by the city council last week?

This was the question city department heads were scrambling with all week and weekend as they attempted to show that compliance with the council's mandate will have serious effects on the operation of the city.

The removal of all firefighting equipment from the number three fire station at 2231 Richmond Ave., cutting the number of city ambulances from four to two and the number of police detectives from eight to four, an overall reduction in the level of most street department services and others, are being discussed as the most likely options.

Tuesday night, the council authorized borrowing up to \$1 million and mandated a 20 percent reduction of city employees across-the-board by July 14.

"I don't think the aldermen realized the seriousness of the situation when they did this," one city official commented privately. Other city employees

Closing one GC fire station, ending MEGSI among plans

said the mandate had an immediate negative effect on the morale of all employees.

No borrowing has yet been done, but the paperwork with First Granite City National Bank is in processing, according to David Nolan, administrative aide to Mayor Paul Schuler. The city is expected to borrow about \$700,000 immediately to meet past-due bills and to pay the half-month payroll due tomorrow, which will exceed \$225,000.

Additional borrowing in \$100,000 increments will be done, as necessary, up to the \$1 million figure, according to authorization the council gave the city administration last week.

The next regular meeting of the city council is scheduled for July 7, but the possibility of a special meeting is being discussed.

Possibly the most severe cuts a 20 percent salary reduction would produce are in the police and fire departments. An editorial concerning this issue appears on today's editorial page.

Fire Chief Don Parente said he has been working all week with figures and believes the only way he can cut 20 percent out of his department's payroll is through removal of firefighting equipment from the number three fire station, reducing the number of ambulances in service and possibly risking the city's good fire insurance rating.

"If I lose nine firemen and four ambulance personnel, I would have no other choice. We will probably lose two of the four ambulances and would run one from main station and one out of Richmond and Johnson (number three station)."

"We would have to eliminate all transfers to St. Louis hospitals, because we could not have an ambulance in St.

Louis and be down to one in Granite City," Parente said.

The West Granite fire station would house only one pumper and no ambulance and, if there was a fire in the downtown area, the West Granite pumper would be brought downtown as a backup, leaving West Granite without a fire truck, the chief said.

That also would leave the rest of the city without an available truck, since there would be none at the number three station, he noted.

Parente fears that such a reduction could change the city's fire insurance rating, which would cause all city residents to pay more for insurance.

Currently, the city has a rating of six (the lower the number the lower the insurance premiums are). Following an inspection two months ago, it was indicated that the rate could drop to five or even four. "A 20 percent reduction might raise us up," Parente warned.

He said he cannot reduce clerical help in the fire department, since he has only two clerks. One Manpower employee, whose office is in city hall, handles ambulance billing and one secretary in the main fire station handles Public Aid and Medicare billing for the ambulance service. "We have to have them because they generate revenue," Parente said.

The chief said he has discussed the ramifications of the cut with two members of the fire committee and hope to meet with the ambulance committee next week.

As significant and possibly more so to the average Granite City resident, are the possible effects of closing 12

(Continued on Page 8)

'Operator error' is blamed for depot pump 'explosion'

"Operator error" was the cause of the explosion-like rupture June 22 at the deep hole pump station at the Granite City Army Installation, according to Lt. Col. Chester Tutor, installation commander.

Lt. Col. Tutor said preliminary reports indicate that there were four men, including the operator, inside the pump station when the rupture occurred, crippling the Granite City Wastewater Treatment Plant. The city plant is totally dependent upon the Army operated pump station to pump treated wastewater from the plant to the Mississippi River when the river stage rises above the 22-foot mark.

There were no serious injuries caused by the "explosion," but one man did suffer a small laceration to the wrist and another suffered a small cut to one

hand. Both men, and the two men not injured, remained at the site after the rupture and aided in the emergency operations.

Granite City firemen and police and the Long Lake Fire Department responded initially to the Army installation to help in emergency pumping operations needed to keep raw sewage from overflowing the 6,000,000 stormwater treatment tank.

The rupture occurred when a gate between the pump station and the river was in the down or closed position and three of the five pumps at the station were switched on to pump treated sewage out of the city's plant.

A steel plate was ripped from its foundation and thousands of gallons of water flooded the building and short circuited the pump control panels.

The four men were in the building to start the priming of the pumps before they were to be put into operation, according to the installation commander.

The wastewater from the plant was diverted to the stormwater treatment

tank along with the sewage running into the plant from the city. Around-the-clock emergency pumping was started immediately to pump the sewage over a nearby levee into the river.

On Tuesday morning, water that had

Holiday carnival opens Wednesday

By VALERIE EVENDEN of the Press-Record

A five-day festival featuring two country-western shows, midway rides, a large craft exhibition and a gigantic fireworks display, on Saturday, July 4, highlight the 22nd annual Fourth of July celebration, which starts Wednesday at 6 p.m. in Wilson Park.

Harold Brown, director of parks and recreation for the Granite City Park District, said this year's festival promises even more varied entertainment than in previous years with "something for everyone."

A new feature this summer will be a large-scale craft exhibition, with demonstrations by artists, scheduled from 10 a.m. to 5 p.m. Sunday, July 5, in the Wilson Park Rink Pavilion.

More than 70 craftsmen from Illinois and Missouri are expected to participate in the displays. Concessions booths, sponsored by 18 local church and youth organizations and civic groups, will open for business at 6 p.m. Wednesday, together with the carnival rides.

For the 13th consecutive year, the

GC gets first funds for sewage treatment

The long-awaited first payment of sewage treatment fees from the Four Township Sewers has been received, the Granite City Council was told Tuesday by City Clerk Robert W. Stevens.

Stevens read a letter from Madison County Auditor Arthur "Pete" Fields which delivered a \$20,000 check to the city for treating sewage from the new sanitary sewers through parts of Nameoki, Chouteau and Venice townships.

Fields noted in the letter that the payment is the first under a treatment agreement between the city and the county and covers the period between Feb. 10 and May 31. The letter said that the accountants have not completed counting all tap-ons, so the \$20,000 payment to the city may have to be adjusted after the counting is complete June 30.

It noted the second treatment check from the special sewer area should be approved by the Madison County Board at its September meeting and will be sent to the city thereafter, with proper documentation as to the number of tap-ons.

Fields estimated that since the number of homes on the line was less during the February through May period, the amount owed the city for the first quarter will be close to the \$20,000 figure.

The aldermen received the check and referred it to the city treasurer.

The first payment to the city was made possible by a \$200,000 loan the county approved June 17 for the sewer district. The district has been in severe financial straits and has found it necessary to raise its monthly treatment and sewer maintenance charge to all county users from \$11.80 to \$15.80, a \$4 per month jump.

The city receives only \$18 per quarter (each three months) for sewage treatment. The remainder \$29.40 per home per quarter goes to the sewer district.

Nearly 2,000 homes and businesses have tapped onto the line, thus far, which should bring Granite City approximately \$36,000 a quarter, or \$12,000 a month, from the county sewer district.

State agrees township assessments too high

By BILL WINTER of the Press-Record (Ninth in a series)

Dissatisfaction with township assessors' decisions was at the root of most county-level assessment certificates of error obtained during the 1970s, an Illinois Division of Criminal Investigation (DCI) study of Madison County makes clear.

The state sided with the county and against township-level valuations in a number of instances.

Many protesting owners assumed that certificates of error were the appropriate method to obtain property tax relief, rather than hearings.

The DCI says most such certificates

bypassed the courts, and should not have. Procedures have since been revised to include action by an associate judge of the Third Circuit.

Some of the assessment records show a zig-zag course for the values of various parcels of real estate, depending on whether a township or the county—and sometimes the state—was giving its interpretation of the taxable value.

Among those displeased with township-level assessing was Local 309 of the International Brotherhood of Electrical Workers.

The local constructed a 9,289 square

(Continued on Page 8)

INFORMING THE CITIZENRY. Granite City postal employees, members of the National Association of Letter Carriers and the American Postal Workers Union, walk an informational picket line in front of the city's main post office Thursday afternoon. The picket line was part of a nationwide effort to inform the

American people of the stalled postal negotiations. The present labor agreement affecting some 600,000 postal workers will expire at midnight July 20. Walking with the sign in the foreground is Dave Sumpter, a letter carrier.

United Way names leaders for '81 drive

BARRY LOMAN

Appointment of Barry Loman, vice-president at the Granite City (Trust) bank as vice-chairman for special donors in the 1981 campaign to be conducted this fall, has been announced by United Way.

Loman will supervise three divisions in the United Way campaign.

At the same time, United Way announced appointment of three divisional chairmen

JOHN POLSON

who will work with Loman in the fall drive.

They include Jack Polson, also of the Granite City Trust bank, as head of Division I which covers service and civic clubs statewide. Unit leaders under Polson are Jim Winning of the Madison County Federal Savings and Loan Association, and Don Brickley, Madison chief of police.

CHARLES MEYER

Named as chairman of Division II is Charles Meyer of Morris Realty. The unit has 25 solicitors.

MARY JESSEE

Mary Jessee has been named chairman of Division III which covers new donor prospects area-wide. Unit leaders she will supervise include Larry Miller, manpower; Margaret Lee of the 1st National Bank in Madison. This division has 43 solicitors.

Food stamp income levels up

Illinois Public Aid Director Jeffrey C. Miller announced this week that food stamp income levels will be increased July 1 for all households participating in the food stamp program. The adjustment reflects rising food prices.

The monthly income and coupon allotment amounts are based on the U.S. Department of Agriculture Thrifty Food Plan. The amount of the increase will depend on the size and income of the household involved.

Family size, maximum monthly income and maximum coupon allotment are:

One, \$360 and \$70.
Two, \$475 and \$128.
Three, \$590 and \$183.
Four, \$705 and \$233.

Households with more than eight members will receive a \$115 income adjustment and a \$53 allotment

adjustment per person. Persons are to apply at their local public aid office, where eligibility will be determined based on income, assets, and size of family.

If eligible for participation, households will

receive a food stamp authorization to participate.

Additional information about the food stamp program is available at all local public aid offices or by calling the toll-free food stamp hotline: 800-972-4608.

Desegregation plan will go to state

By LISA LUTZ
of the Press-Record
Madison School District 12 will submit a desegregation proposal to the Illinois State Board of Education that some board members believe will be rejected by the state. The board conducted a special public meeting Thursday night on the desegregation issue.

The board will propose an open enrollment plan (students have the option to pick their own school), which is basically the same as the system under which they now operate, the only minor change being that the school district will now provide necessary transportation. If this plan does not work,

the board will take steps that they deem necessary to meet state ratio requirements.

Board Member Donald Garrett proposed an amendment to the board which provoked opposition from some of the board members. Garrett's plan, which would have been submitted with the board's proposal, included busing 24 students from both the Harris and Blair school. The students would be selected by a random alphabetical system.

The plan also contained the provision that each student selected would be bused for one year only. Kindergarten students would not be bused.

"This amendment would immediately put us in compliance with the laws of the land," Garrett told the board members. The motion to add the plan to the board's proposal was seconded by board member James Newsome.

Board secretary Paul Bargiel opposed, stating "You can't submit two plans to the state at the same time."

Garrett retaliated by telling Bargiel that his plan was only a "back up" plan, in the event that the one to be submitted does not work. The amendment was rejected by a vote of six to two.

The plan which will be submitted to the state board was accepted on a six to two vote with Garrett and Newsome opposing it.

There were approximately 25 parents in attendance, but no comments were expressed by them during the meeting.

When asked if the plan would work, Mrs. Billie Bosworth, a board member, replied, "We won't know until we try." Her opinion was shared by some other

Madison girl in St. Louis parade

Angela Kaye Grupas, 1302 Washington Ave., Madison, is one of 10 young women, representing various patriotic and ethnic organizations, who may be seen on a special float in Saturday's Veiled Prophet Fair parade in St. Louis.

Miss Grupas, queen of the Polish-American Cultural Society of Greater St. Louis, will represent the society on the "Ethnic Queens" float.

The parade, starting at 3 p.m. Saturday at Busch Memorial Stadium and Spruce Street, is part of the three-day Veiled Prophet Fair on the St. Louis Riverfront, which opens Friday.

Twenty-one major floats will be featured in the 104th annual parade, led by the world famous Clydesdale brewery horses of Anheuser-Busch and the float bearing the Veiled Prophet of Khorassan, His Queen and Court.

Marching bands, mounted groups, clowns, antique vehicles and dignitaries will be interspersed throughout the event.

Floats will depict the St. Louis World's Fair theme of "Meet Me in St. Louis, Louie."

Other queens riding with Miss Grupas will represent Jamaica, the Philippines, Latin America, Ireland, the Netherlands, Korea, Ger-

ANGELA GRUPAS
On Parade Float

many, Hungary and Sweden. The parade will conclude on Wharf Street at Laclede's Landing about 5 p.m. Saturday.

The local queen is the daughter of Mr. and Mrs. Albert (Connie) Grupas and a granddaughter of Mr. and Mrs. Rudolph Majkut, all of Madison.

She is a senior at Granite City High School South and active in the East European Dancers at Southern Illinois University at Edwardsville and the Polish-American Society.

Water company to flush, test area fire hydrants

During the next two weeks, the Illinois-American Water Co. will test all of the fire hydrants in the cities of Madison and Venice and Nameoki Township. Each hydrant will be opened and flushed to its capacity.

"This enables us to determine the condition and reliability of each hydrant in these areas," Bob Patton, distribution superintendent of the firm's Granite City, said.

"The flushing of these hydrants requires huge drafts of water in the water mains, and there will be some discoloration in the water in the immediate area of the flushing."

"The water is safe to drink or use and will return clean and normal within a few hours."

The flushing and testing schedule is as follows: July 1 to 2, city of Madison; July 6 to 9, remainder of Madison, Madison High School area, Cloverleaf, and Eagle Park; July 10, Nameoki Township area within the Long Lake Fire District.

July 13 to 15, city of

Venice. "This will include the testing and inspecting of all hydrants in Granite City, Madison, Venice, and the fire districts served by the Illinois-American Water Company," Patton said.

NEW PHONE NUMBER ON FEDERAL TAXES

The toll-free number for help from the U.S. Internal Revenue Service has changed, reports Ira Loeb, district director. The new number is 1-800-972-5400.

People needing answers to federal tax questions or help with tax problems may call this number from 8 a.m. to 4:30 p.m. Monday through Friday. Loeb said the best times to call are generally before 10 a.m. or after 2 p.m.

DIAMOND RINGS GONE

Forcing open a rear storm door, a burglar ransacked several rooms in the home of Reva Turner, 2652 Center St., Thursday. Taken were a 1.38-carat diamond ring with platinum mounting and a 1/4-carat diamond ring with gold mounting.

Vandals damage Parkview

Vandals ransacked Parkview School, 3200 Maryville Road, flicked several holes in the hallway walls and broke numerous windows last week.

A policeman on patrol noticed broken windows on the south side of the school at 4:10 a.m. today and the officer could see enough through the windows to determine that several rooms had been ransacked. School officials were called and opened the school for police, who searched the building. No one was found inside.

Nearly every room had been ransacked and the windows in the classroom doors had been broken. Other doors had been broken from their hinges. Electrical fixtures were torn from the ceiling and desks and cabinets had been ransacked and items thrown on the floors.

Holes in the hallway walls were believed done with claw hammers which were located in the gymnasium and in a classroom.

Two clocks were broken and stopped operating at 1:37 and 2 a.m. Since there is no school today, the building was ordered closed until detectives can search for evidence.

An inventory is to be conducted to determine if anything was stolen.

Allege finding cannabis 'crop'

Fifteen cannabis plants, ranging from three to 18 inches tall, allegedly were found by officers growing in buckets in the rear yard of 4350 Lincoln Ave., last week. The plants were removed for evidence.

Officers went to the residence in response to an anonymous tip and were given permission by the occupant to enter the rear yard.

Dennis D. Shedd, 22, of 2430 Lincoln, who was not home at the time officers went to that address, came to police headquarters at 3:35 p.m. Tuesday and was charged with unlawful production of cannabis. He was released upon payment of a \$102 cash bond.

SECOND TIME. Walter Avenue in Nameoki Township has collapsed for the second time in recent months, making the roadway impassable to vehicles. Repairs were completed last week. Nameoki Township Highway Commissioner Frank

Mehelic is blaming the two recent collapses on the settling of dirt put over new sanitary sewers under the roadway. This photo was taken Monday afternoon, before repairs were started.

(Press-Record Photo by Pat Foley)

Subsidence tests crucial

By MARK RESMANN
Pictures produced by television cameras lowered this week into bore holes beneath the District 11 Illinois State Police headquarters may be crucial in helping an engineering firm decide what should be done with the undermined building.

The Illinois Department of Mines and Minerals sent cameras down into the bore holes Tuesday and again today, taking pictures of the mines below. The pictures will determine the condition of the mines and how much more subsidence could occur.

According to Lt. James Stever, administrative officer for District 11, the TV viewing is actually the second phase in the testing operation.

Stever said first soil samples taken at a depth of about 80 feet. Then holes were drilled about 230 feet deep, and the cameras were lowered.

Fruco Engineering, the firm contracted by the Illinois Department of Law Enforcement to conduct the tests, will submit a report stating the suitability of the current site for present and future needs.

The report from Fruco may be released in August or September, Stever said.

He added that moving the headquarters isn't the only possibility. If the conditions aren't very desirable, other alternatives could be chosen. "A floating foundation could be used," Stever said. "Shopping centers frequently use them."

The problem of subsidence at the headquarters was first discovered in May of 1980. "The capital development board had just released \$342,000 for the remodeling of the building. About a week later the cracks started occurring and the board then halted the funds," Stever said.

From that day on he said he has had to live with the subsidence problems.

Last February, "tremors" which hit the building

forced officials to dismantle the 350-foot radio tower. Meanwhile, cracks continue to plague the structure, both inside and out.

Stever said upon completion of the study, results will be forwarded to the Department of Law Enforcement. A final decision will then be made on the future of the site.

The testing has taken place over the past two weeks, and Stever said he thought it would continue for at least another week.

Last week, workers found a vented shaft believed to have been part of the Donk Brothers mine, closed in 1922.

"From the maps I've studied, I think we may be above Donk Bros. No. 1 and No. 2," Stever said.

\$50,000 BOND SET

Rickey Eugene Teller, 27, of 3801 Rhodes St., Madison, was taken to the Madison County jail at 9:50 a.m. Wednesday, pending the posting of a \$50,000 bond, after being charged with burglary and theft. Teller allegedly burglarized the Pierce Meat Co., 1710 Edwardsville Road, on Thursday, June 18 of 1980 worth of meat.

ABANDONS AUTO

Police are attempting to determine who was driving an auto which was abandoned after it struck a utility pole on Nameoki Road at Steve's Auto Sales, 75 feet north of West Pontoon Road at 10:55 p.m. Wednesday. Witnesses said the south-bound auto struck the pole and the driver fled on foot. The auto is registered to a Mitchell man, police noted.

Moonrock samples to be displayed

Samples of the moon, picked up by Apollo 11 astronauts on their first landing in July, 1969, will be on display during an aerospace workshop Wednesday, July 1 at Southern Illinois University at Edwardsville.

Bob Williams, associate professor of elementary education and workshop director, said the display is part of his teacher training workshop in science education. The sessions are held in cooperation with the National Aeronautics and Space Administration.

John Hartsfield, education specialist at NASA, will bring samples of the moon's highland soil, pebble size pieces of moon rock and other surface samples. The display, encased in a lucite disk, can also be studied

under a stereo microscope. The lunar sampling is one part of the two-week aerospace workshop that helps teachers understand the science of rocketry and flight by launching a miniature space ship boarding a helicopter and flying to Washington, D.C., in military aircraft. The workshop ends with studies in the Smithsonian Institution's Air and Space Museum.

The lunar sample display at SIUE will be open to the public at 8 p.m. in Building III, Room 1314. For additional information, interested persons may contact Bob Williams at 682-3382.

The Club. More than plain vanilla checking.

Next to The Club, plain checking is pretty bland. For the same amount of money you may already be paying in service charges for plain, you could be getting The Club. The Club is like a checking account but it's loaded with lots of other goodies. Like personalized checks, up to \$100,000 in accidental death insurance for flights on scheduled airlines, along with coverage for other types of accidental death.

Emergency nationwide system of cash advances charged to your Visa or MasterCard is another benefit we dish up. Plus discounts on entertainment, rental cars. And rooms at some of the most popular motel chains in the country. Try The Club brand of checking. You may never go back to plain vanilla again. It's checking like it ought to be. And you were discriminating enough to notice.

MAN IS BEATEN
Jeffrey Helton, 30, of 1009 Madison Ave., Madison, suffered multiple injuries when he was beaten early Saturday. He went to St. Elizabeth Medical Center at 6:55 a.m. Saturday and said he had been beaten in East St. Louis, when some men he did not know stopped in a car, grabbed him, beat him and then dragged him with the car about a half block before letting him go. He suffered cuts and contusions to his head, abrasions to his right shoulder, pelvis, right hand, ribs, right knee and leg, right arm, left shoulder, back and left leg. He was released after emergency room treatment.

Attempt was in Anchorage

An attempted abduction last week in the 2900 block of Edwards St., led city officials to call for more security for the elderly in Anchorage Homes, Dave Morgan, director of the Granite City Housing Authority, said Thursday.

An earlier article saying the attempted abduction occurred in Kirkpatrick Homes was in error, he said. Police records confirmed that the attempt occurred in Anchorage Homes when a youth in his late teens was allowed into a 70-year-old

woman's home, and struck her June 17 before trying to drag her to his auto, which had the trunk open.

The woman screamed and the young man cut her on the throat with a knife before fleeing in his auto. The victim was not seriously hurt.

Granite City aldermen at last week's city council meeting suggested that city officials discuss the incident with Morgan to determine if security around Anchorage Homes can be improved.

Seniors mark 'Father's Day'

"Father's Day" was observed at Thursday's meeting of the More-the-Merrier Club at the Granite City Township Center.

Gifts were awarded in honor of the occasion to Tom Crawley, Earl Marti and Cleveland Cox.

A covered dish dinner featured beef and noodles and among the guests were Dorothy Nenninger, Dick

Mizell, Ruth Mallon and Gladys Freeman.

The tables were decorated with miniature flags in marshallow bases.

Lester Thiele, president, welcomed the guests and read a poem. Martin Schulte led the Lord's Prayer and pledge to the flag.

Games were enjoyed and those winning awards included Imogene Claxton, Josie Stoyloff, Rose Marie Breyer, Edgar and Grace Paddock, Della Raab, Katie Coligan, Lucille Pierce, Evelyn Morgan and Juanita Crawley.

HIGHEST HONOR. Mrs. Donna Pratt-Hall (left) is awarded the Red Cross Certificate of Merit Award Friday night by Dick Mizell, Madison County deputy coroner, at the annual Red Cross Dinner Meeting at the Granite City Township Hall. The Certificate of Merit Award is the highest honor given by the Red Cross. (Photo Record Photo by Terry Mecklen)

Red Cross top award for lifesaving to Donna Hall

By TERRY MACKIN of the Press-Record

Mrs. Donna Pratt Hall does not consider herself to be a heroine. In fact, she hates the word, and feels that she did only what anybody else would have in the same circumstances.

But the Red Cross and Rev. Roy Lynn disagree.

Last Feb. 8, Mrs. Hall was attending services at the Third Baptist Church in Granite City, just as she had for the past year and a half. But as she entered the church, she noticed that an older man was being escorted down the aisle. From past experience and by the frightened look on the man's face, she could sense it was serious. From her past training in the Red Cross, she felt qualified to help.

Rev. Lynn is alive today because she did.

Mrs. Hall first checked Lynn's pulse. There was

none. Then she, along with a friend, Nancy Greer, who is also a member of the Third Baptist Church, administered CPR to Lynn, and although it took him two and a half minutes to respond to the treatment, Lynn regained enough strength to enter St. Elizabeth Medical Center in Granite City by ambulance.

Two weeks later, Lynn was back in church.

For her efforts, Mrs. Hall received the Certificate of Merit Award at the annual Tri-City Chapter American Red Cross Dinner held Friday night at Township Hall in Granite City. The award is the highest the Red Cross gives to members acting in a life-saving effort.

But Mrs. Hall was not the only person to receive recognition at the dinner by the over 85 people in attendance.

Retiring chairman Jim

Whitt received a large round of applause as he handed the gavel over to the new chairman of the Tri-City Chapter of the Red Cross, Dave Partney. The other new officers are Ruth Peterson as vice-chairman; Frank Palank as treasurer, and the new secretary is Maxine Dunham.

Dr. Richard Kahn, Scientific Director of Blood Services in Illinois and Missouri for the Red Cross, was the guest speaker. His humorous look at society and his efforts to "look and feel good all of the time" brought laughter from the smaller than expected crowd.

But it was Mrs. Hall that drew the most attention after the dinner had ended. Several people shook her hand, some just stared at the certificate. All agreed that she deserved the honor.

Except maybe Mrs. Hall herself.

LOOK CLOSE. What appears to be a \$20 bill at first glance actually is the side pieces from two \$20 bills glued to the body of a \$1 bill. Several of the bills have been passed for \$20 in the Granite City area recently and merchants are urged to check their bills carefully. One young man, a son of a Venice tavern owner, has been questioned about an attempt to use this bill at the Sonic service station, 1817 Madison Ave., Friday evening. The young man said he got the bill from the cash drawer of his father's tavern and did not realize the bill was a phony. It was the third such bill used at the Sonic station in the last 30 days, police were told.

Motorcyclist killed in area

Michael Edward Backus, St. Louis, died at 1:10 a.m. Thursday in St. Mary's Hospital in East St. Louis following an accident in which he was thrown from his 1971 Honda motorcycle at 12:20 a.m. Thursday.

Illinois State Police said Backus was thrown head

first into a guardrail along Illinois Route 203 at an entrance ramp to Interstate 55-70.

He was employed as a millwright at Granite City Steel and was vice president of Steel Workers Union Local 67 of Granite City.

The Baldus-Radden funeral home in Belleville is handling arrangements.

A spokesman for the funeral home said there would be a memorial service later this week.

Arrest cyclist

Monte C. Ritchie, Rural Route Two, Box 818, Granite City, was charged with fleeing from police, disorderly conduct, making excessive noise with a motor vehicle and improper parking after Madison police arrested him in front of Al's 520 Club, 520 Madison Ave., Madison, at 12:15 a.m. Saturday.

A Madison policeman alleged that Ritchie fled from a squad car at 10:50 p.m. Friday and successfully eluded police. The officer said that in the first incident,

three motorcycles were seen at 10th Street and Alton Avenue, and Ritchie allegedly races the motor on his cycle and left at a high rate of speed, passing the squad car, which was being driven in the opposite direction.

As the cycle passed the squad car, the officer yelled at Ritchie to stop, but the cycle sped up instead, it was alleged. By the time the squad car could turn around, the cycle had gone east on Edwardsville Road and was out of sight, according to police reports.

One of the other cyclists, Robert Shayne Matyas, 18, of 5209 Lakeview Drive, was stopped at Edwardsville Road and McCambridge Avenue and was turned over to Granite City police, who allegedly had a battery warrant on file against Matyas.

At 12:15 a.m. Saturday, police were told that motorcycles were parked too far from the curb in the 500 block of Madison Avenue. It was alleged that Ritchie's cycle was approximately six feet from the curb, causing a hazard to traffic.

An officer was putting a parking ticket on the cycle when Ritchie approached the officer, said he was a law-abiding citizen and contended that police should be arresting criminals instead of picking on him, it was alleged. The officer contended Ritchie used profanities and was arrested.

SERIOUS CONDITION

William "Mike" Ebersold, former mayor of St. Louis, was reported in serious condition today at Barnes Hospital, St. Louis. Ebersold was taken to the hospital at 10 a.m. Sunday suffering dehydration. He is in Room 9208.

Use care selecting playground equipment

By MARY RICHARDS
Many happy and excited children are going to watch parents install playground equipment in the backyard this summer. If your child is one of these, the Illinois Department of Public Health has some buying and installation guidelines for you, designed to ensure many hours of carefree play.

When shopping for slides, seesaws, and swings, look for the following features: no sharp edges or open-ended hooks; capped nuts and bolts; no moving parts that can pinch or crush fingers; lightweight swing seats to prevent serious injury in the event one hits a child's slide with not too steep an angle and with a wide and deep step on the ladder; rings or other openings large enough, or small enough, so that a child's head cannot get caught; equipment anchoring devices that hold firmly to the ground.

Play equipment should be installed at least six feet away from walls, fences and other structures. Anchor it firmly in a grassy or soft-ground surface, never on a concrete or other hard-paved surface. If you want to anchor the legs in concrete, be sure the concrete is below the surface of the ground to prevent tipping. And, if you use pegs, drive them well into the ground.

It is not enough to install the equipment properly. Once in use, it must be maintained. Make a periodic check for loose nuts, bolts and clamps. Oil all moving metal parts. Sand and paint rusted areas as they develop. And check for splinters on wooden parts.

Now you're ready to send your children out to play. Not quite. Even with the safest equipment, children are going to get hurt unless they are taught what they can or

cannot do while playing around the equipment.

Teach your child these playground rules: no shoving, pushing or fighting; take turns on the slides; wait until the child ahead is out of the way; stay away from moving swings; and don't twist swing chains or swing empty seats.

No matter how careful you are in installing the equipment and instructing your children, however, you can expect some bumps and abrasions. So be prepared by keeping the antiseptic, bandaids and chocolate-chip cookies handy.

If you have any questions about playground equipment, contact the Illinois Department of Public Health, Division of Environmental Health and Sanitation, 535 West Jefferson, Springfield, IL 62761.

Attends Atlanta life convocation

Marty Hoffman of Granite City attended the 1981 Convocation of the Sanctity of Human Life in Atlanta, Ga. The Convocation, sponsored by the Christian Action Council (the nation's largest Protestant pro-life organization, based in Washington, D.C.) was a training event in pro-life activism.

Convocation training centered on skill-oriented techniques to equip attendees to turn their communities away from abortion on demand to have an impact on national abortion public policy.

Addresses and seminars focused on bio-ethical issues that threaten the sanctity of human life — abortions, infanticide, euthanasia, and genetic engineering.

AT THE DROP OF A HAT. Paul Berry III, 9th grader at Granite City High School North, paints pictures during an art workshop session at Southern Illinois University at Edwardsville. He is the son of Mr. and Mrs. Paul Berry of Granite City. Another workshop will be held July 6-17 at the University for students 9-12 years of age. Sessions are scheduled from 9 until 11 a.m. in Room 3200 of Classroom Building III. Students will study such art crafts as working with clay, stichery, weaving, puppetry and mosaics. Quad-Cityans may call 692-3183 for more information.

Rape, assault charges are dismissed

Associate Judge John W. Day has dismissed five charges filed last year against Terry D. Gargac, 31, of 2714 Nantux Road.

The dismissals were made on motions filed by the state's attorney.

It had been alleged that two instances of rape and three instances of deviate sexual assault occurred Aug. 17. The charges were filed by the Illinois Bureau of Investigation.

Two young women from Pennsylvania alleged they were raped in an auto in Mitchell and later were taken to Gargac's apartment and raped again. They had attended a concert by the Grateful Dead musical group at the Mississippi River Festival site at SIUE and then went to a party near SIUE.

They said they were walking when a car stopped at University Drive and Route 157 and two men offered them a ride to Interstate 270; instead they were taken to Cemetery Road near Old Poag Road.

It is contended they had been hitchhiking across the country to attend Grateful Dead concerts.

Gargac and another man were charged. The other man was found innocent at a jury trial.

2-YEAR PROBATION FOR FELONY THEFT
Charles C. Parker, 22, of 2769 Washington Ave. has been placed on two-year probation by Associate Judge Thomas Hildebrand for a Nov. 28, 1980, felony theft occurring in Granite City.

The charge was filed in January and he was booked on the warrant in February.

\$84,500 price on home built by students

Homes built by Granite City school district building trades students have impressed many persons with their quality. With inflation also a factor, the "going price" has risen to \$84,500 for such a residence.

Located on Hamilton Drive, a home offered for sale June 11 attracted no bids but is not expected to be difficult to sell in the near future. High interest rates have inhibited home sales generally. School Board members noted last week in setting the price.

The latest student-built home was constructed over the past two years. Proceeds from such sales are returned to the program, providing funds that enable the next building project to be started as an instructional device.

The property is being placed in a multiple listing with the local realtors' group. Whichever agency obtains a buyer will receive a seven percent commission, it was explained.

Ozark Mountain Daredevils replacement at state fair

State fair officials have announced that the country western band Ozark Mountain Daredevils and Leon Russell will replace Beatlemania as the fair's opening night grandstand entertainment on Thursday, Aug. 6.

Beatlemania cancelled because of unforeseen travel conflicts officials explained. Refunds will be available for those who have already purchased tickets for Beatlemania. They may be obtained by mailing the Beatlemania tickets to: Illinois State Fair Ticket Office, P.O. Box 576, Springfield, IL 62705.

Tickets may also be brought to the ticket office, located in the grandstand on the fair grounds. All refund requests must include the purchaser's name, address and social security number and be received by July 15.

The Ozark Mountain Daredevils and Leon Russell will appear with special guest the New Grass Revival for one show at 8:30 p.m. Tickets are expected to go on sale in early July.

"people make the difference."

Investing and making financial plans for the future is important to everyone, whether it's the factory worker or self-employed mechanic wanting the security of a First Bank IRA Account, or the customer needing larger investment counseling, including repurchase agreements, large certificates of deposit and the buying and selling of stock and government securities.

Since my background and training includes financial counseling, which is becoming more and more necessary everyday, I feel a great satisfaction when I am able to help a First Bank customer in the investment of funds.

In addition to these responsibilities, I am also responsible for First Bank's Commercial Account Relations, keeping me available constantly to advise and serve the business and government communities.

Our customers, large and small alike, have more people working for them than they might think! I like to think that these "extra" services set us apart, making First Bank more than just "another bank." We're people helping people ... and that makes the difference!

—Harley G. Davis

Special education director takes position in Missouri

Larry R. Dew, director of Madison County Special Education Region I, is leaving to become school business manager of the

Cape Girardeau, Mo., school district. Dew's new position is effective July 1.

A successor here is to be chosen by the Quad-City

Bleeding man is arrested

Michael Thomas Holman, 19, of 2601 E. 25th St. was charged with disorderly conduct and destruction of property after he allegedly smashed his right fist into the headlight on a van in the 1100 block of Greenwood St., Madison, about 11:25 p.m. Saturday.

Madison police officers said they had been responding to a series of disturbance complaints, first in the 1700 block of Kennedy Drive, next in the 1800 block of McCombridge Avenue and

then in the 1900 block of Edwardsville Road, but were unable to locate the man causing the disturbances.

It was noted there was a large amount of blood on the sidewalk in front of Polish Hall and witnesses said the man who caused the disturbance there was bleeding severely from his right hand.

Police located the man on 13th Street and tried to assist him, but he ran across Tri-City Park to the 1200 block of Meridian Ave., jumped over a fence and tried to hide, according to official reports.

As officers approached, the man tried to flee again, but was stopped and handcuffed. He was taken to St. Elizabeth Medical Center, but refused to be treated and was taken to the Granite City Jail.

Services for Mrs. Whittle

Funeral services for Mrs. Marie (Werth) Whittle, 2922 E. 25th St., were conducted by the Rev. Robert Baumann and the Rev. James R. Brown at 10 a.m. Saturday, June 27, at St. Peter's Evangelical United Church of Christ, 2103 Cleveland Blvd.

Mrs. Whittle, 75, died at 8:20 a.m. Thursday, June 25, 1981, at St. Elizabeth Medical Center, after a short illness. She was hospitalized a week.

She was born in Granite City and had resided here her entire life in this community. Prior to retiring two years ago, Mrs. Whittle served for many years as executive secretary of the Protestant Welfare Association, a United Fund agency.

Her husband, Frank Whittle, died in January 1973.

Among the survivors are a daughter, Mrs. Ward (Joyce) White of Dallas, Tex.; one brother, Herbert Werth of Granite City; two grandsons and nephews and nieces.

Burial was in Sunset Hill Cemetery, Edwardsville Township.

Friends called earlier at Davis Funeral Home, 21st Street and Cleveland Boulevard.

William Boerckel, 96, dies today

William Boerckel, 96, a long-time resident of Venice, died at 8 a.m. today, June 29, 1981, at the Anna Henry Nursing Home in Edwardsville.

Among the survivors is a daughter, Mrs. Harry (Barbara) Hadley of Venice. Arrangements are pending at Pieper Funeral Home, 1929 Cleveland Blvd. Friends may call 876-0092.

Arrested in Grenzer Homes

Larry Cox, 26, of 26 Madison County and Grenzer Homes, Madison, Sheriff Emil Tofant have been charged with resisting being added as defendants in arrest and disorderly conduct by Robert Karandjeff duct in connection with and his wife, Janet, against a disturbance in Grenzer farmer, a balloon pilot and a Homes at 8:55 p.m. Friday in balloon company. Damages which a woman suffered are sought for the arrest and several cuts to an arm.

The victim, identified only as Ricardo Long's mother, charged with trespassing said she was attempting to break up a fight near 41 descended into a farm field. The balloon ride had been purchased at a benefit Rotary-Optimist auction.

News notes

State Senator Sam Vadalabene, 67, Edwardsville Democrat, hit Sen. Mark Rhoads, 34, Western Springs Republican, on the rins with his right fist Sunday afternoon.

The General Assembly moved within several days of the end of its 1981 legislative session. Discussing his fourth episode of fistfists in two decades at Springfield, Vadalabene noted that Rhoads had tried to enter the Democratic side of the Senate after Rhoads had shouted an epithet at Sen. President Philip Rock, threatened Rock, threw a chair and tore a microphone from its stand. The issue was Congressional redistricting, and the Democrats appear to be prevailing in pushing their version in the Senate.

Illinois legislators during the weekend created a board to help set their salaries, made some headway toward revising unemployment insurance (with Rep. Sam Wolf of Granite City among those supporting a jobs pay compromise), rejected more tax aid for unit school districts, revamped child adoption rules, expanded the protection of victims of family violence, adopted a bill to strengthen and clarify the open meetings law, and advanced legislation to ban drug paraphernalia sales.

The Goshen Preservation Alliance is seeking a court order to prevent the Madison County government from demolishing the old county jail and sheriff residence. A hearing is set for July 16 on this and on a GPA request that the courts force the County Board to adhere to its announced intent to lease the structure to the GPA. The board this month voted 16-6 to have the 1870 building torn down, but the City of Edwardsville plans to refuse to issue a demolition permit.

Municipal Opera express bus service here on Friday nights includes routing along Highway 111, Chain of Rocks Road, Highway 203, Nameoki Road, Nameoki Village Shopping Center, Madison Avenue, Broadway, Main Street and the McKinley Bridge.

Madison County and Grenzer Homes, Madison, Sheriff Emil Tofant have been charged with resisting being added as defendants in arrest and disorderly conduct by Robert Karandjeff duct in connection with and his wife, Janet, against a disturbance in Grenzer farmer, a balloon pilot and a Homes at 8:55 p.m. Friday in balloon company. Damages which a woman suffered are sought for the arrest and several cuts to an arm.

The victim, identified only as Ricardo Long's mother, charged with trespassing said she was attempting to break up a fight near 41 descended into a farm field. The balloon ride had been purchased at a benefit Rotary-Optimist auction.

The Illinois Commerce Commission staff recommended last week that Illinois Power Co. receive an 18 percent increase in its electric rates.

Unemployment in this metropolitan area rose to 8.8 percent in May from a revised figure of 8.5 percent for April.

Congress on Friday sent to President Reagan a bill to delay deadlines for steelmakers to comply with the Clean Air Act.

The Bi-State Development Agency's transit committee rejected Friday a proposed \$84 million budget for the next year. Some said they want a bigger reduction in administrative costs.

Riviera Drive with his wife, Judith, and their daughters, Lyndee, 10, and Laura, nine, students at Frohardt Elementary School. The family will be moving to Cape Girardeau this summer.

Dew taught for two years for the U.S. government on

the island of Guam and was a teacher for two years at Freeport, Ill. Born in Monmouth, Ill., he was supervisor of special education here for one year before being named director of the special education region in June 1972.

At the time of his ap-

pointment as director, Dew said his chief goals were to "remove labels from children" and to "extend educational services to three- and four-year-olds."

He said today he believes that considerable progress was made toward both objectives. Although finances

remain a problem, there have been many advances in special education locally and elsewhere during the past decade, he is convinced.

Past secretary and past sergeant-at-arms of the Granite City Rotary Club, he was the 1980-81 chairman of the Rotary prayer breakfast

series. The breakfast group studies varied community and regional problems and acts to seek remedies.

An elder of the Second United Presbyterian Church of St. Louis, Dew is a member of Phi Delta Kappa, an educational honorary organization.

special education board, subject to ratification by the Board of Education of the Granite City schools, the Region I administrative district. The special education board is headed by Donald Stucke.

The special education region serves 1,700 students in the Granite City, Madison and Venice school districts. In addition, it exchanges students with other Madison County regions to form classes in various categories of instruction of the handicapped.

Region I has 80 employees. Along with his experience in administering the special education region, Dew has done graduate study for the past three years at Southern Illinois University at Edwardsville in the specialty of educational business management.

Dew, 36, resides at 9

'Music Under Stars' Tuesday at GC park

The Granite City Park District's "Music Under the Stars" choruses will present their second concert of the season at 8 p.m. Tuesday in the Wilson Park Ice Rink pavilion.

Admission is free and ample seating will be provided by the park district.

The choruses, under the direction of Mary Ann Bright, will present many patriotic selections in honor of upcoming Fourth of July celebration.

The 30-voice children's chorus will sing and dance to such numbers as:

"Jeepers Creepers," "You're a Grand Old Flag," "Bicycle Built for Two" and "Hello, Dolly."

The adult chorus, also consisting of 30 voices, will present:

"America, the Beautiful," "It's a Grand Night for Singing," "America," "No Man is an Island."

Witness burglary

Two men in a red four-door auto with a dark top were seen stealing a stereo and a speaker from the home of Michael Lee, 2700 Iowa St., Apt. 1, last week.

A neighbor reported hearing a loud bang and looked outside to see a man about 5 feet, 10 inches tall, weighing about 195 pounds and having reddish blond short kinky hair and sideburns carry a speaker to the auto and place it in the rear seat.

A second man then carried a stereo to the passenger side of the car, placed it in the rear seat and both men left in the vehicle heading south. The second man was described as about 5 feet, 8 inches tall, of medium build and wearing a baseball cap.

The neighbor called police, who found the front door of Lee's apartment had been kicked open, breaking the latch. The stereo and one speaker are the only things believed missing. Another speaker was left in the middle of the apartment floor with its wires going out the front door and into the lawn.

"The Battle Hymn of the Republic," "Tomorrow," "Freedom," "Dearest," "Let There Be Peace on Earth," "This Is My Country," "Blue is the Color of My True Love's Hair" and "God Bless America."

The program will last approximately for one hour and the public is invited to attend.

Rehearsals for the next concert will start Thursday, July 3, Mrs. Bright said.

New members are invited to join in the community choral program and those interested may call the Wilson Park office at 877-3059 for further details, the choral director added.

Abandon auto after crash

Police are holding an auto which was abandoned by the driver and passenger after it struck a tree in front of the home of Carl Robeff, 4027 Melrose Ave., at 9:55 p.m. Wednesday.

Officers had been called to the area on a report of an auto being driven in a reckless manner and were searching for the vehicle when they were told of the accident.

Witnesses said the auto had been northbound, went out of control, skidded approximately 40 feet across the southbound lanes, and went into the yard, hitting the tree.

The driver and passenger then left the area on foot, leaving the car in Robeff's yard.

Police said there was alcohol in the car and the license plates did not match the car, a red over silver 1973 Chevrolet Vega two-door. The car was towed to a police holding area until the owner can be identified.

ARREST AFTER CRASH
William Kee, 29, of 2028 Ohio Ave. was charged with driving with a suspended license at 3:40 p.m. Thursday after an Adams and 20th streets collision that damaged the rear of his auto and the front of the van of Richard Hunt, St. Louis. Hunt had stopped in traffic and Kee backed up due to an approaching vehicle.

IN REHEARSAL FOR MUSICAL

A musical entitled "Special Delivery" will be presented Thursday, July 30, at the Plantation Dinner Theater in St. Louis. The performance is being prepared by members and friends of the First Assembly of God Church, 24th Street and

Grand Avenue, under the direction of Carolyn Jenkins, minister of music. From left, in rehearsal are: Director Jenkins, John Pithers, Dan James, and Debbie Pithers. Ticket information may be obtained by telephoning 877-3430.

(Press-Record Photo by Pat Edgely)

Fires damage three homes

A fire loss of \$800, including \$200 to the building and \$400 to the contents, resulted from a blaze at 1:05 p.m. Thursday at the home of Dennis Rainey, 2928 Circle Drive.

The fire started accidentally when a child played with a cigarette lighter. A bed and mattress burned.

Flames from an overheated motor in a clothes dryer caused an estimated \$225 damage to the dryer at 1:20 p.m. Thursday at the residence of Doyle McCallie, 1347 Edwardsville Road.

At 12:45 a.m. Friday, a discarded couch near a garage set fire to the garage, causing \$225 damage to the building. The garage is at 2314 Slate St. and the owner is Rahm Mateosian of Walnut Street.

Dance Wednesday for seniors

A dance for all senior citizens in Granite City Township will be held at 7 p.m. Wednesday, July 1, in the township center, 2060 Delmar Ave.

Plans for the event were heard at last week's meeting of the Golden Agers Senior Club held at the Kirkpatrick Homes Center.

Caroline Lux presided and reports were given by Carrie Hart and Juanita Crawley.

It was announced the Howard Bolton Band will play music for dancing from 7 p.m. until 9 p.m. Wednesday at the township dance.

Bus service will be available from the Kirkpatrick and Anchorage housing complexes for seniors calling 877-8584 for reservations before 4 p.m. July 1.

After the business session, the afternoon was spent playing pinocle and other games.

Among the winners were Lumeta Durbin, Art Rankin, Tom Crawley, Carrie Hart, Frances Westbrook, Ruth Purkey and Grace Paddock.

BURGLAR GETS STOVE

A \$100 gas range, 30 inches wide, was taken by a burglar from a residential garage at 2229 Ohio Ave. authorities were told Thursday night by the owner, Mrs. Betty Harris.

AGGRAVATED BATTERY 90-DAY JAIL TERM

Gregory Penrod, 27, of 2163 Orville Ave. has been sentenced by Associate Judge Thomas Hildebrand to 90 days in the Madison County jail and 30 months of probation.

Penrod was charged May 20 with aggravated battery occurring in Granite City Jan. 8.

DEADLINE FRIDAY

Motorists whose registrations expire this month must display new stickers on their license plates by midnight Friday. Otherwise they will be subject to arrest and fines for improper registrations. The new stickers are available at most banks.

Culture troupes to take part in VP fair program

The Polish and Yugoslav Culture Troupes at Southern Illinois University at Edwardsville will perform at the Valedictory Fair on the St. Louis Riverfront during the July 4th weekend. The Polish group is scheduled Saturday, July 4 at 11:30 a.m. Their program will include dances and songs from Kurpie Green Forest, Rzeszow, and the Beskid Mountains in Slask (Silesia), Poland.

The Yugoslav group will perform Sunday, July 5 at noon. The program will consist of a dance and song from Slovenian Režija (an area of Yugoslavia now a part of Italy), a dance from Srem, the Kolo from Savonija, and "Ladarske," a three-part suite from Prigorje in Croatia.

In addition, four members of the Yugoslav Troupe will perform three Slovene songs with Art Treppier at 2 p.m. Sunday, July 5. Treppier plays the "garminka," or Slovene buttonbox. The performing members include Tim Katich, David Lampe, and Marilyn Markovic of St. Louis and Mark Sarich of Granite City. Sarich is a visiting lecturer in the Office of Special Programs at SIUE.

LOSES PURSE
Phyllis Howard, 2830 Buxton Ave., reported at 3:15 p.m. Tuesday the loss of her brown purse, containing \$170 cash, food stamp ID card, a payment book and her wallet. The purse may have been taken from the seat of an unlocked car, where the vehicle was parked in the 1900 block of Edison Avenue, she said.

(Continued from page 1)

persons from the police department. Chief of Police Ronald J. Veizer explained in a letter to the Crime Prevention Committee of the Tri-Cities Area Chamber of Commerce Friday that such a cut would necessitate the city's dropping out of the Metropolitan Enforcement Group of Southwestern Illinois (MEGSI), which is the undercover drug investigative agency trying to reduce drug traffic here.

Veizer said the reduction also would end the successful Officer Friendly program, would cut the manpower in the detective division in half, would reduce the number of patrolmen on the street by at least eight and will require the use of uniformed officers to man the desk as three of the four civilian dispatchers will have to be laid off.

The number of policemen on the street per shift will have to be reduced and one of the three secretaries and records clerks will have to be laid off, he predicted.

"Our police department has been able to maintain law and order because of the dedication of our officers and the unselfish giving of a lot of their own time to the problems confronting us. "With this reduction in work force, I am afraid that our crime rate will rise sharply without the necessary manpower to combat it."

"Make no mistakes about it, there are a number of people who will be happy with the shortage of police manpower, thinking they can do whatever they want in our town and not stand much chance of being apprehended. I don't think the citizens want this," Veizer said in his letter. He told the Press-Record later Friday, "Law enforcement like good health. You don't know what you're

missing until its gone. One alderman said on television that he should be able to cut back to 1970 levels of service, because the census shows we have less population."

"What he does not seem to understand is that we may have fewer people, but there is no less area to patrol and there is more crime. Also, thousands and thousands of people a day pass through some of which cause crimes," Veizer commented.

He said he feels it would be a tragic mistake to withdraw from MEGSI at a time when MEGSI is having an impact on drug and marijuana traffic in the city. Withdrawal means that MEGSI will not assign an undercover agent to work in Granite City.

Veizer said he was nominated for the position of chairman of the MEGSI board of directors Friday and had to decline the post. "I don't want to be elected and then have to resign on July 16, when we pull our officer out of the program."

Another department sure to feel the effects of a 20 percent loss in personnel is the street department, according to the president of the Local 309 Union, Portell, who said, "It's got to hurt. It's got to hurt like heck."

He said the reduction would probably immediately end the city's limb and brush pickup program and would jeopardize street and sidewalk repairs, sewer servicing and growing and other projects.

With a shortage of funds, projects which require a great deal of materials, such as important street repairs, may be jeopardized. Projects where materials can be purchased with motor fuel tax funds are the only major projects likely to be done during the manpower shortage, Portell added.

State agrees

(Continued from page 1)

foot building in the Collinsville area starting in 1968 and occupied it in July 1969.

The 14-foot-tall brick structure was 137 feet wide and, in some portions, 95 feet from front to back. A blacktop area at the site surrounded the union hall and totaled 47,311 square feet. There was 370-foot frontage along Highway 157 and 180-foot depth.

The original building permit was for a \$205,000 structure.

Each assessment figure is intended to be one-third of actual value. The valuations proposed yearly at the township level for Local 309 rose rapidly.

For 1974, a \$155,900 valuation was proposed, reduced to \$59,000 by a county-level certificate of error.

For 1975, a \$155,900 figure again was proposed, cut to \$60,000.

The 1976 tax year brought still another \$155,900 proposal, reduced to \$61,500 by a certificate of error.

For 1977, a proposed \$138,750 valuation was trimmed to \$60,000 by a certificate of error issued on July 24, 1978.

Taxes paid for 1974-75-76-77 amounted to \$3,080, \$3,198, \$3,213 and \$3,184, although the public tax books continued

to indicate that taxes were being paid on a much higher assessment.

Mike Faust, business agent of the Electrical Workers Local, told the DCI that "in the early 1970s, when the tax bills came from the mayor Charles Warner and union member Don Hill protested the high assessments to the Collinsville Township assessor and then to the Board of Review and finally to the State Appeals Board."

"They requested a reduction because the building was used primarily for classrooms and they were a non-profit organization."

"The state board approved their request. But each year, Faust would have to go to the Madison County assessment office and request a reduction for the same reason."

"Faust stated that he believed he went through the proper procedure."

"The building that Local 309 owns is approximately 70 percent classrooms and meeting rooms; only about 30 percent is office space."

"Faust advised that he did not see any one individual at the assessment office—that he would call and make an appointment with the board."

Collinsville Assessor Peter Poletti Jr. described the property on May 21, 1979, as a mail on Route 157 south of Inter-

Portell said he hopes some way can be found to avoid such stringent layoffs, so basic city services can continue.

One question being asked by some Granite City residents who contacted the Press-Record this week is, "How did the city get into this financial shape?"

One former employee of the treasurer's office contends that the council and city officials were warned that such a shortage was imminent, unless spending was curtailed.

"They refused to listen. We tried to tell them you just cannot have \$5.4 million revenue into the general fund and then compile a \$10 million budget for it. We told them three years ago that the money was running out."

"There was a small cushion when Mr. Petrillo (City Treasurer Nick Petrillo) came in, but when we warned them about spending, they said Dave Nolan was in touch with the state and was assured that income tax and sales tax were going up. We warned that with unemployment up, income and sales taxes would not go up. They believed him and not us," the former employee said.

"We also told the negotiating committee. You can not give these outrageous raises, but we were called 'non-decision pencil pushers' and not to be listened to," the source concluded.

"Only the newly-elected aldermen have any excuse. The others were warned. They knew this was coming, but didn't want to lay anybody off before the (April, 1981) election. They didn't want people to know how bad a shape the city was in," the former employee contended.

Mayor Paul Schuler was unavailable Friday for his reaction or comment.

He said that the "same building built today at today's current prices would be in the area of over \$400,000."

"Poletti can see no reason for a reduction in value," he said. "Review to the assessed valuation of \$60,000 (\$180,000 estimated actual value)."

"The reasons indicated on the certificates of error are checked as mistakes in computation on all of the certificates except for the 1974 tax year, which shows a reason 'partial of James Barton, Madison County supervisor of assessments, later told the DCI that 'he does not know anyone there (Local 309) personally, and that the worth of the building is unknown to him.'"

"The property could possibly be exempt, but the property is not was an exempt property, then they would have no assessment."

"Barton advised that the property was reduced by the board in Springfield, and that the previous tax assessor, Collinsville Township, Assessor Smiley, would then raise the property back up to Smiley's original assessment."

Operator error

(Continued from page 1)

already been treated was allowed to overflow a "clean" water holding tank to help to reduce the flow into the 8,000,000 tank.

Lt. Col. Tutor said that an investigating officer has been assigned to the case and a report of exactly what happened and why should be completed in a few weeks.

Initial repair costs have been estimated at \$10,000. Sixty-three windows, several doors, and back-up batteries in the station have been replaced which accounts for most of the estimated cost.

The complete investigation should indicate the extent of the damages to the station including the pumps and controls in addition to the cosmetic damages.

Lt. Col. Tutor said that the pumps will probably have to be dismantled and thoroughly checked for seal breaks and other possible damage. This extensive work will have to be done during the dry season when there is little chance of high water to necessitate the use of the pump station.

Initial reports indicate no serious damage to the pumps, but the extensive examination will have to be done so that no other unexpected problems at the pump station arise.

The commander said that cost of this type of inspection could run as high as \$125,000 to \$200,000.

Illinois Environmental Protection Agency officials were at the pump station on Thursday night and a walk-through inspection was

made Tuesday morning. The officials voiced their praise of the emergency operations and the quickness of the initial reactions to the "explosion."

Chief of Police Ronald J. Veizer reported to the city council June 23 that the Army has pledged that reports on what happened to cause the pump station to malfunction will be provided to the city so that it can be determined if the city will be responsible for any of the repair costs.

The city and the Army have a contract which calls for the city to pay 60 percent of any cost incurred at the pump station, but some aldermen question if that agreement would be binding if it is found that the rupture was of no fault of the city.

Arrest man as prowler

Michael D. Williams, 31, of 2765 Nameoki Drive, was charged with prowling and disorderly conduct for allegedly crawling through a window into the home of Derek Ray, 2831 Grand Ave., at 10:30 p.m. Sunday.

A boy staying at Ray's house heard footsteps in the house and investigated to find a man in the house. The boy awoke Ray, who grabbed the intruder and called police.

HURT IN CRASH
Laura Burkett, 22, St. Louis, suffered a bruise to her forehead and a cut to the bridge of her nose in an auto accident near Edwardsville and she was brought by ambulance to St. Elizabeth Medical Center at 6:05 a.m. Saturday. She also suffered pain to her neck, back and head and she was admitted, authorities said.

park district will present the Ray Swaymer midway rides at its Fourth of July celebration.

The carnival rides and concession stands will be in operation from 5 p.m. until 11 p.m. on Wednesday, Thursday, Friday and Sunday and from 1 p.m. until 11 p.m. on Saturday, July 4.

Two special matinee sessions when children are encouraged to patronize the midway at reduced rates (three rides for \$1) are set from 1 p.m. to 5 p.m. Thursday and Sunday.

An exciting country-western show will be presented "direct from Nashville" at 7:30 p.m. Friday, when recording stars Ron Mahan and The Country Lads perform in the Wilson Park Rink Pavilion.

Stagecoach, a country-western group from this area, also will present a special performance in the rink pavilion at 7:30 p.m. Thursday. Admission to both shows is free of charge.

Holiday carnival

(Continued from page 1)

Another new feature this summer will be a liftoff at 6 p.m. Sunday by Pantera's hot air balloon from a central location in Wilson Park.

The traditional fireworks display, guaranteed to attract thousands of viewers, will illuminate the night-time sky of the Quad-Cities at 9 p.m. Saturday, July 4.

Area residents will be alerted prior to the show starting by a series of booming aerial announcement shells, Brown advised.

Men's and women's softball tournaments, part of the overall festivities, will get underway Wednesday at Wilson, Worthen and West Granite parks. The series of contests is expected to draw hundreds of spectators.

Local groups and the booths they will sponsor at the celebration, including:

Granite City Society for Crippled Children—chocolate covered frozen bananas; Explorer Post 1033,

sponsored by the Granite City Police Department—pizza; Alpha Center for Women—candy; St. Joseph Boy Scout Troop—fennel; Granite City Athletic Club—barbecue sandwiches; Mexican Honorary Commission—Mexican food; Parents Without Partners—cords.

Moose Lodge 272—lemonade shakes; Cub Pack 149—snow cones; Granite City Amateur Hockey Association—Pepsi Cola; Gloria Spence—sketching portraits; Granite City Republican Club—popcorn.

Knights of Columbus Council 1098—fish; Raiders Softball Team—pork steaks; Community Heights Assembly of God—hamburgers; Italian-American Club—Italian sausage sandwiches, and Granite City High School South Booster Club—ticket sellers.

Granite City Press-Record

Obituaries

Timothy Apponey

Timothy James Apponey, 17, was wounded fatally by a .30-caliber automatic rifle at about 9:30 p.m. Thursday at his home, 2203 Garfield Ave.

He was found lying on his back on the floor, near his bed, in his basement bedroom. The rifle lay beside him, and an unidentifiable shell was found.

There was a single bullet wound under his chin, and he is believed to have died immediately. The gun had discharged once and contained four live cartridges.

He and his father and brother, Herman Apponey Sr. and Jr., had been doing construction work and then the group drank several beers.

After Timothy Apponey and his father arrived at their home, there was a brief and apparently minor disagreement.

The youth later was alone in the basement when the sound of the gun firing was heard.

He was pronounced dead at the home of Deputy Coroner Jack Mixter at 10:20 p.m. Thursday, June 25, 1981.

Mr. Apponey was born in Granite City and had resided here his entire life. He had graduated May 29 from Granite City High School South.

Mr. Apponey was a member of St. Elizabeth Catholic Church.

Among the survivors are his parents, Mr. and Mrs. Herman (Doris) Apponey; a brother, Herman Apponey Jr. of Granite City; three sisters, Mrs. Harry (Kathleen) Jones and Miss Theresa Apponey, both of Granite City, and Mrs. Dennis (Patricia) Sullivan of Lexington, Ky.; his grandmothers, Mrs. Aurilia Peach of Granite City; and two nephews, Gary and Christopher Sullivan, both of Lexington.

Mass was said at 9:30 a.m. today, June 29, at St. Elizabeth Catholic Church, Johnson and Pontoon roads, with the Rev. Henry Schmidt, officiating.

Visitation was held earlier at Bob Thomas Memorial Mortuary, 2205 Pontoon Road.

Laura Beiser

Miss Laura K. Beiser, 96, of Colonial Haven Nursing Home, died at 1:40 p.m. Saturday, June 27, 1981, at St. Elizabeth Medical Center, where she had been a patient only six hours. She had been ill one year.

Miss Beiser was born in St. Louis and resided in St. Peters, Mo., before moving here one year ago. She was retired from First National Bank of St. Louis, where she was employed in the accounting department for 40 years.

She was a member of the Divine Science Church in St. Louis.

Surviving are a niece, Mrs. Virginia Miller of Granite City; a nephew, Robert Kraus of Hot Springs, Ark., and a great-niece, Mrs. Constance Kipp of Granite City.

Graveside services will take place at 1 p.m. Tuesday, June 30, at New Picker Cemetery, 7133 Gravois Ave., St. Louis, with the Rev. David Maxton officiating.

Friends may call at 12 noon Tuesday at the Rev. A. Irwin Chapel for Funerals, 2801 Madison Ave.

Mary Griffin

Mrs. Mary Louise (Haggard) Griffin, 61, of 503 Jefferson Ave., Venice, died at 12:20 a.m. Friday, June 26, 1981, at St. Elizabeth Medical Center.

She had been ill six weeks and in the hospital the same length of time.

Mrs. Griffin had resided in Venice for 35 years. She was born in Renick, Mo. She was a member of the Methodist Church of Venice, Royal Neighbors Chapter 1349, Venice-Madison American Legion Auxiliary Unit 367, Venice Senior Citizen's Club and the Venice Ladies Democrat Club.

Among the survivors are her husband, Fred "Tex" Griffin; two sons, Daniel and Robert McKinney, both of Venice; her parents, Mr. and Mrs. Frank (Hazel) Pozniak of Venice; a brother, James Haggard of St. Louis; and two grandchildren.

The Rev. William Fitzgerald conducted services at 10 a.m. today, June 29, at Labyrinth Funeral Home Chapel, 501 Madison Ave., Madison.

Burial was in Sunset Hill Cemetery, Edwardsville Township.

Claude Malmberg

Claude Malmberg, 74, of 2519 Grand Ave., died at 11 a.m. Friday, June 26, 1981, in the emergency room of St. Elizabeth Medical Center after he suddenly became seriously ill.

Mr. Malmberg was born in Miller County, Mo., and has resided in Granite City since 1938. He retired in 1972 from the Castings Division of General Steel Industries, where he was employed in the maintenance department for 40 years.

He was an elder in the Church of Christ.

Surviving are his widow, Mrs. Cleo Malmberg; two sons, Dr. Virgil Malmberg of Granite City and Robert Myers of Brumley, Mo.; a daughter, Mrs. David (Helen) Powderly of Granite City; three brothers, Elmer Malmberg of San Antonio, Tex., Otis Malmberg of Granite City and Everett Malmberg of Miller County, Mo.; seven grand children and five great-grandchildren.

Funeral services were scheduled for 11 a.m. today at the Randall A. Irwin Chapel for Funerals, 2801 Madison Ave., with the Rev. Carl Ketcherside officiating. Burial will be in Sunset Hill Cemetery, Edwardsville Township.

Hattie Miller

Mrs. Hattie M. (Bourbon) Miller, 83, of 714 Twenty-Ninth Place, died at 6:15 p.m. Thursday, June 25, 1981, following an illness of three years.

She was declared without signs of life by Madison County Deputy Coroner William Sternberg.

GRANITE CITY (ILL.) PRESS-RECORD, Monday, June 29, 1981—9

'Hot' Tri-City wins crucial game 14-7

By TERRY MACKIN of the Press-Record
NASHVILLE — When you think of Nashville, the first thought that pops to mind is basketball, certainly not baseball. But Tri-City Manager Eldon Warfield felt that Saturday night's game was a crucial point in the Triplets' hot and cold season.

The game, which was played on a field best suited for slow-pitch softball, could have put the Triplets on a losing trail. Instead, it could

have turned their season around. The Triplets once again decided to not let a crucial defeat destroy their promising season, and defeated the hosts, 14-7. And even though the victory was not all that pretty, Warfield was very satisfied with the results.

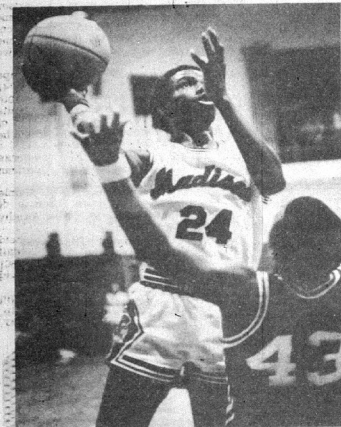

"If we would have lost this game, it could have been the end of the season. I was proud of the way that the guys kept their heads up

single by catcher Daren Depeu. Nashville then promptly tied the score in their half of the first off of winning pitcher Steve Doty, with three runs. But Doty then settled down to calm the Nashville bats until the sixth inning. After walking three, Doty served up a home-run

to Nashville's John Poelker, which barely cleared the left field fence, which was only 270-feet from home plate. The blast made the score 12-7 in the Triplets favor.

"I was really happy to see the guys hit the ball right away, but I was even more pleased that we only had two errors," Warfield said. The Triplets were guilty of 10 errors against Edwardsville the night before.

Warfield was also pleased with the pitching performance of Doty. "Doty was really bringing the ball to them. He was at least throwing 85 mph

PAT HATTER

(File Photo)

Hatter leads South to win

Special to the Press-Record
PEORIA — Pat Hatter showed his stuff one last time in a high school uniform here Saturday night. Hatter, who helped lead Madison's Trojans to the 1981 state Class A state championship, led the South Class A All-Stars to a thrilling 97-96 victory over the North in the annual Illinois Basketball Coaches Association All-Star Classic at Bradley University.

Hatter scored 24 points, mostly in the second half, to lead his team to the win. Madison head coach Larry Graham was the coach of the

South All-Star, who trailed by as many as 13 points in the first half. The 6-2 Hatter scored 20 points in the second half and 18 out of a 19-point South scoring spree. Teammate Morris Hughes of Madison scored three points for the South.

In the Class AA game, the heavily-favored North edged out the South 99-88. Dan Duff of Lincoln, who will play for Notre Dame next season, led the South scoring with 17 points. Jon Collins of Cahokia had 11 points, Dan Coddington of Wood River scored nine and Mark Martz of Triad had six.

Cowboys sweep Nats to remain atop league

By TERRY MACKIN of the Press-Record

EDWARDSVILLE — Catching both games of a doubleheader on a miserably hot Sunday afternoon would make most people very weary. A cold drink is heaven, and the knees feel like rubber. The eyes burr from dropping sweat.

But Corral Liquor catcher Dave Hagenbrock enjoys the work. Especially when it is in a winning effort. After Sunday's 5-0, 11-7 sweep of the Edwardsville Nationals at Hoppe Park, Hagenbrock was anything but weary. He quickly stripped the equipment from his wet uniform. He wiped his dirty forehead. Not one complaint about the weather.

He looked like he could have caught another game. And if there would have been another game scheduled for Corral Liquor, Hagenbrock would have been behind the plate. And by the way that they played Sunday, one more game for Corral might not have been such a bad idea.

Led by the hitting of Doug Rains, who did just about everything but mow the grass at Hoppe Park, Corral raised their league-leading record to 8-0. But Rains was not the only guy to enjoy a productive Sunday afternoon in Edwardsville.

In the first game, Corral was led by the pitching of player-manager Ker Crawford. Crawford struck out six Nationals and allowed only four hits in six innings of neat work. Doug Rains pitched the seventh inning to secure the shutout

victory for Corral. Rains also contributed two doubles to the victory. And it was Rains that also got things rolling for Corral Liquor. Rains doubled with one out in the first inning. Tom Greco then reached on an error. Hagenbrock then singled to score both Rains and Greco, and gave Corral all the runs that they would eventually need for victory.

Corral scored again in the sixth when Hagenbrock walked and went to second on a wild pitch, and then scored on another wild pitch, making the score 3-0 in Corral's favor. They then scored two more runs in the seventh to capture their seventh victory in a row. In the second game, Corral decided to muck up. But it was Edwardsville that struck first, scoring four runs in the first inning. Consecutive singles by Tim Gamble, Bruce Pfeiffer, Greg McBride, and Rusty Burian gave the Nationals the early lead, which they held until the sixth inning.

John Krekovich led the inning off with a sharp single to left field. After Jeff Tretter struck out, Jeff Stamper singled, putting runners on first and third. Mark Clark then walked to load the bases. Mark Degonia then doubled two runs home, with Clark holding a third. Shortstop Boobie Clark then smacked a home run over the left field fence to tie the game at 5-5.

And Corral did not stop there. Doug Rains, who went 6 for 8 on the day at the plate, then singled and stole second. Then Hagenbrock launched

as a fastball from Edwardsville starter and loser Bob Jones deep over the fence in right center to give Corral the lead for good.

And although things did not start off too brightly for winning pitcher Dan Hirsh...

GC girls fall; 4th in nation

Special to the Press-Record
DALLAS — The Granite City Soccer Club Under-19 year old girls soccer team lost here Sunday 5-2 to the entry from New York in the third place game at the United Youth Soccer Federation National Tournament at Franklin Field.

The Granite City girls, coached by Bob Kurilla, dropped into the consolation bracket game after losing to D'Feeters of Dallas 2-0 in a semifinal contest Saturday afternoon. Dallas went on to win the National championship with a 1-0 double-overtime victory over FRAM from Los Angeles in the day's second game before nearly 3,000 fans.

In Sunday's game, Granite City got off to a 1-0 lead 10 minutes into the game on a goal by Jill Bledsoe. But the score was 5-1 before Terry Schuler scored Granite City's only other goal. Granite City and New York each had 15 shots on goal. The Granite Cityans had six corner kicks, while New York had none.

SUPER STARS

Sports Talk

Pat Haden

than digest a good book.
There often seems little room in sports for individuals who stand out both as students and as athletes. Reports of students who can neither write nor read but can run to daylight or shoot from downtown, have seriously undermined the credibility of the student athlete. Although the public and the press might have lost sight of the top athlete who also happens to excel in the classroom, he (or she) is there, has always been and always will be.

Super Star Pat Haden of the Los Angeles Rams has a reputation for intelligence both on and off the football field. As an All-American quarterback at the University of Southern California, Pat tended to his grade point average as carefully as his pass completion average. He won a Rhodes Scholarship—the most prestigious honor bestowed upon a college student and studied at Oxford University in England before becoming a Ram. He is now attending law school.

"The intelligent, well-read and articulate professional athlete is hardly the exception," Super Star said. "It's unfortunate that the public has the image of the athlete who never learned how to tie his shoes. There are many fine athletes who have made names for themselves in fields that have nothing to do with tossing a football or hitting a baseball. Today's athlete knows he has to prepare himself for the day when he can no longer play professionally."

Pat's statistics haven't been too shabby on the field either. He was the NFC player of the year in 1978 and was named the

league's Rookie of the Year in 1976. He still holds or shares seven USC passing records.

Last year, he finished eighth in pass rating percentage in the NFL with a 68.2 average and had a pass completion record of 65.2 percent with 11 touchdowns. Not bad for a Rhodes Scholar. Former professional ballplayers fill almost every conceivable profession from medicine to politics, music to mathematics. Hundreds of other athletes have possessed the business acumen to parlay their sports salaries into fortunes.

Before he had even graduated college, All-American basketball star Bill Bradley was being called a future occupant of the White House. Dollar Bill went to Oxford University on a Rhodes Scholarship to study government and history after single-handedly taking Princeton University to the semi-finals of the National Collegiate Athletic Association. Later, he returned to his first love—basketball—and became an integral part of two championship Knicks teams. A little more than a year after his retirement, he was elected to the United States Senate.

Should Bradley have Presidential aspirations, he might find himself on a collision course with New York Congressman Jack Kemp. For several years now, the former San Diego Charger and Buffalo Bill quarterback has been mentioned as a candidate for national office.

Other athletes have also served in Congress. Bob Mathias, a two-time winner of the Olympic decathlon, Ralph Metcalfe, the second fastest man in the world during Jesse Owens' conquest of Berlin in the 1936 Games; and Wilbur "Vinegar Bend" Mizell, a veteran pitcher with the Pittsburgh Pirates, were all recent members of the House of Representatives.

The lure of medicine has also attracted many top athletes. George "Doc" Medich earned a medical degree between pitching seasons with the Yankees and Pirates. Bobby Brown, an infielder with the Yankees in the late-1940's and '50's, traded his bat for a stethoscope. Ernie Vandeghe of the Knicks is also a physician today and Billy Cannon, a former Heisman Trophy winner, has a successful orthodontic practice. Roger Bannister, the first man to break the four minute mile, today is a neurologist in Great Britain.

Frank Ryan earned a doctorate in mathematics while still a quarterback with the Cleveland Browns. Jim Brosnan wrote a best seller soon after completing his pitching career with the Chicago White Sox. Mike Reid left professional football to pursue the life of a concert pianist.

Paul Westhead, coach of the 1980 champion Los Angeles Lakers, even proved that off-the-field smarts are not limited to players. He happens to be a Shakespearean scholar.

—sports shorts—

Olympians back

NORMAL—Local participants in the Illinois State Special Olympics, held on June 19, 20, and 21 at Illinois State University in Normal included: Hiram Dams: First place gold medal for standing long jump. Third place bronze medal for softball throw. Denise Forster: Second place silver medal for standing long

jump; Carle Crawford: Fourth place ribbon for softball throw; Darold Mays: Fifth place ribbon for 50-yard dash; Danny Lewis: Fifth place ribbon for softball throw; Tim Whitehead also participated in the State Olympics.

Valerie Boelling was their coach. The participants are all clients of Specialized Services in Granite City.

Cougars honored

EDWARDSVILLE—Two members of the golf team at Southern Illinois University at Edwardsville have been selected as honorable mentions on the NCAA Division II 1981 All-American team. Named were Bob Gaus of St. Louis and Jay Ehlhausen of Edwardsville. Both men are sophomores and were members of the

Cougar team which qualified for the NCAA Division II Championships, May 19-22, at Hop Meadow Country Club, Simsbury, Conn. Ehlhausen had the lowest score of all individuals for one round in the tourney, scoring a 69 on the par 72 championship course the first day of the 72-hole competition.

Fitzsimmons golfing

ST. LOUIS—Cotton Fitzsimmons, Coach of the Kansas City Kings professional basketball team, joins five other celebrities who will participate in the Second Annual Billiken Basketball Classic to be held on June 29 at Sunset Hills Country Club in Edwardsville, Illinois.

Fitzsimmons was formerly head coach of Moberly, Mo. Junior College.

The Classic is a golf tournament and dinner for the benefit of the St. Louis University Basketball program. Cost for the affair is \$150 (golf and dinner) or \$35 (dinner only).

Olympians back

CHAMPAIGN—"An unexpected bonus for Illini track," said assistant women's track coach Rob Cassleman about the signing of the 1981 IHSA state mile champion, Cheryl Ward, of Argo Community High School, gladdened the hearts of Cassleman and head coach Jessica Dragovic by inking her name on the AIAW tender to enroll at the University of Illinois this autumn.

Ward, coached by Dave Brady at Argo, ran to the prep state crown in the mile this past spring, recording her personal best time of 4:57.3. She has also competed in races at 440 yards and 300 meters, with PR times of 1:00.2 and 2:19.6. In cross-country, Ward logged the sixth-best time at last year's IHSA state championship, 11:36 while helping her team to a sixth-place finish.

Dragovic remarked that Ward is blessed with an abundance of raw talent, and

Cassleman, who works extensively with UI mid-distance and distance runners, indicated that Ward is capable of making an immediate contribution to the cross-country and track teams.

"We're very happy to see Cheryl sign with us," said Cassleman. "She is someone who comes almost out of the blue to us, and it is a real bonus for the program. She has made her mark in the mile and in cross-country just this year, and hasn't had extensive training in distances. I anticipate that she has great potential. She has talent and a good head, and I think she will help out our teams right away."

Her announcement brings to five the number of newly-signed recruits of the Illini track team. She joins Ann Henry of Peoria, Richwoods, Ruth Sterneman of Glenbard East, and Rolanda Cond and Gretchen Grier of Chicago South Shore as newcomers to Illinois track & field.

Big Red alumni day

ST. LOUIS—In addition to the alumni day festivities scheduled for half time of the Big Red's game against Minnesota on Oct. 25, the football Cardinals will feature four Missouri college

bands during halftimes at Busch Stadium in 1981.

Representing nearly every corner of the state will be Southwest Missouri State University, Southeast Missouri State University,

GC drivers do well at area tracks

GRANITE CITY — Granite City stock car drivers are making their presence felt at area race tracks. Ovals such as the Godfrey Speedway, Highland Speedway, Belle Clair Fairgrounds Speedway in Belleville and Tri-City Speedway in Granite City have all seen Granite City drivers do well there.

For instance at the Highland Speedway in Highland, Ill., Bill Laycock and Roy Waugh both

Granite City each run in the modified division on Saturday nights. Laycock, who drives a Pinto No. 82 has won a coxey race this year and isn't doing too badly, but engine problems has kept him from winning a feature yet. Waugh, who drives a Mustang No. 20 has been finishing his heat races he's run in and is consistently running well in the feature events.

Another driver from Granite City who runs in the Sportsman class at Highland

is Harry Squires. Squires drives a Chevrolet No. 55 and is doing very well.

At the Godfrey Speedway, four Granite City drivers run there on Saturday nights also. The owner and promoter of the speedway is a long time racer and a Granite City resident who is Wil Spalding.

In the Hobby Class at Godfrey this year Lori Roach of Granite City is the point leader and won last Saturday's hobby car

feature. Lou's father Darwin also of Granite City is the mechanic on her No. 64 Camaro. Larry says Lori is doing an excellent job this year.

Carson Spalding also drives in the hobby class and has finished in the top five on numerous occasions in the feature. Carson drives No. 4, a Chevrolet. Mark Jones of Granite City drives a Mustang No. 007 in the Sportsman class at Godfrey and is doing a fine job this year. Terry Spalding has

just completed building a car for Godfrey. Terry runs in the Sportsman class and drives a Chevrolet No. 44.

At the Tri-City Speedway which runs on Saturday night in Granite City, many area drivers run each week for promoter Gil Rime.

Rod Bailey drives a Camaro No. 11 in the Limited late models. Rod runs good when he competes but engine problems has kept "Wet Willy" from campaigning this year. Several weeks ago

Rod was leading the feature, but he blew the engine in his car and had to settle for 12th in the main.

Chuck Lewis also drives in the limited late model class and Chuck is a "rookie" this year. Chuck drives a Mustang No. 66. Kevin Rainwater, another limited late model driver from Granite City drives car No. 33 a Chevrolet. Like Bailey, engine problems has been hurting Kevin this year at Tri-City.

Mike Nikonovich, drives a

Camaro No. 56 in the limited late models this year and is doing rather well too. Randy Weeks and Randy Bailey and Chuck Milam, who ran in the Sportsman class last year at the speedway, says they are hoping to have their cars ready to run by next year or late this year. All three are from Granite City.

Paul Humphrey Jr., of Granite City runs his Chevrolet No. 09 in the Bomber class at the Belle Clair Fairgrounds in

Belleville, Ill., on Friday nights. Humphrey has been finishing one-two in the heat races he's run this year and continuing to finish in the top 10 in the feature races.

John Ritchie, who also hails from Granite City drives in the St. Louis Auto Racing Association, for the Mighty Midgets. John drives a Chevy II, powered Midget No. 56. In racing action two weeks ago, Ritchie finished second in his heat and fifth in the feature at a race in Belleville, Ill.

Trips tripped by own defense, 16-1

EDWARDSVILLE — Lessons are usually restricted to the classroom, but the Tri-City Triplets received a dose of education in Edwarsville Friday night. And manager Eldon Warfield hopes his players listened to the lecture very carefully.

"We learned a lesson from this game. We just cannot overlook anybody in this league. Nobody is going to lay down for us, and we have to be up for every game," Warfield said.

The lesson Warfield was referring to was a top-of-the-line, 16-1 drubbing of the Triplets at the hands of Edwarsville. And like the student who seldom attends class, the Triplets were lost from the beginning and couldn't catch on in time for the test.

The class began in the first inning when Edwarsville's John McNamur served as instructor. With two outs and two runners on base,

McNamur slugged a home run over the left field fence to give Edwarsville a 3-1 lead. The Triplets never recovered.

"We just fell behind early, and couldn't recover. For some reason, the guys just gave up. It was the type of game that you are glad when the final out is made. I just hoped we learned our lesson," said the blonde Warfield.

Rick Daily, who has pitched well for the Triplets so far this season, started on the mound for Tri-City. But, according to Warfield, he just didn't have it against

Edwarsville.

"Rick has been pitching really well for us so far this season. But I think he just had a bad game. At least, I hope so," Warfield said.

Daily allowed eight runs in the first inning when Danny Patterson surrendered to left-hander Jody Fenton. Fenton then scored Edwarsville scoreless for two innings, but could not master the active Edwarsville bats. They scored three more runs in the sixth and five in the seventh to nail down the district contest.

Tri-City's lone run came in the first inning when Danny Patterson doubled home outfielder Bob Ford to produce the game's first run. After that, the Triplets bats were completely silent. But it was not the Triplets lack of hitting that told the true story of Friday night's game.

The Triplets' defense was guilty of 10 errors.

"Whenever you commit 10

errors, you are not going to win a ballgame," Warfield said disgustedly. "I just hope that we got it out of our system."

McNamur led Edwarsville with four hits, including a home run and four RBI. Danny Patterson collected two hits for the Triplets. And Triple Manager Warfield was just glad to get off of the Hoppe Park diamond alive.

"You can't take anything away from Edwarsville. They just plain hit the heck out of ball. But our 10 errors sure didn't hurt their cause."

But even after the lopsided loss to Edwarsville, the young manager was optimistic about his Triplets.

"The main thing is to keep our heads up and to come back. You can't let a game like that ruin your whole season."

But it did ruin his Friday night.

WINNING COACH. Madison High's Larry Graham was the winning coach Saturday night at the annual North-South Class A Illinois Basketball Coaches Association All-Star game at Bradley University in Peoria. Graham led his Madison Trojans to the 1981 State Championship. He is shown above at the State Finals in Champaign.

Parker rules NDRA dirt races at Tri-City

GRANITE CITY — Pete Parker of Walcott, Iowa driving the Tri-City Buggy Camaro won the 100-lap late model stock car race at the Tri-City Speedway sanctioned by the National Dirt Racing Association (NDRA).

Pete Sitter Don Hoffman of Des Moines, Iowa led the first 27 laps before being passed by Larry Moore of Ocala, Fla., driving the Tri-City Aluminum Camaro. Moore then opened to a command lead until lap 46 Kevin Gundaker of St. Louis passed Moore for the lead and led until lap 55 and again Moore took over the lead from Gundaker.

The Moore and Gundaker battle resulted when Gundaker passed Moore on lap 57 for the lead. Parker was moved up from his third row starting spot passed Moore for second then passed Gundaker for the lead on lap 66.

Speedway race ends in riot

What was described as "A riot or near-riot" broke out at the Tri-City Speedway about 12:20 a.m. Sunday in a dispute over rules, the payout to the drivers and the price of admission.

Witnesses said a large number of fans were trying to get into the tower in the bleachers, causing the deputy on duty to call for additional help from all nearby cars.

Five Illinois State police cars were sent to the scene to assist. Madison County Sheriff's deputies, records show. Granite City police also sent cars to assist. At least eight squad cars from the various police agencies responded, the witnesses

On lap 80 the NDRA officials stopped the race for refueling the cars. On lap 81, Buck Simmons of Baldwin, Ga., had moved his way up from the back, and started challenging Parker for the lead but Parker stayed down in the low groove and held on to win the \$5,000 first place prize.

Following Parker at the finish were Buck Simmons, Larry Moore, Don Seaborn of Dayton, Ohio, Freddy Smith of Kings Mountain, N.C., Kevin Gundaker, Ken Walton of Viola, Iowa, Mike Munson of Oblong, Ill., Steve Weisk of Omaha, Neb., and Larry McDaniels of Wichita, Kans.

In the 30-lap consolation race Jack Boggs of Webbville, Ky., passed Larry McDaniels on the final lap in turn four when McDaniels went high and won the 30-lap thrilling race over Rogers, W. T. Harris of Booneville, Ind., Mike Null of St. Louis, Tom Utley of St.

Louis and Bob Adams of St. Peters, Mo.

Utley of St. Louis.

Pete Parker of Walcott, Iowa started on the pole in the third 20-lap heat race and led every lap for the win. Larry Moore of Ocala, Fla., was second followed by Ira Bastin of Solsberry, Ind., and Larry McDaniels of Wichita, Kans.

Tri-City Speedway's Tombstone Rally winner Joe Merryfield of Des Moines, Iowa won the fourth 20-lap heat race going away.

Merryfield was followed by Steve Kosiski of Omaha, Neb., Ken Walton of Viola, Iowa and W. T. Harris of Booneville, Ind.

Larry Phillips of Springfield, Mo., was never challenged as he won the fifth 20-lap heat race over Terry Messenger of Robinson, Ill., Freddy Smith of Kings Mountain, N.C., and Cecil Lyons of Virginia, Ill. The final 20-lap heat race was won by Doug McCammon of Palestine, Ill., and leading every lap for the win.

McCammmon was followed by Don Seaborn of Dayton, Ohio, Les Duellman of Fountain City, Wis., and Kevin Goss of Godfrey, Ill.

Rod Bailey of Granite City won the 10-lap limited late model feature and leading every lap.

Bailey was followed by Tom Utley of St. Louis. Gene Jones of Creve Coeur, Mo., second followed by Gary Potter of St. Charles, Mo., Butch Sager of Vincennes, Ind., and Mike Null of St. Louis.

Shorter to race at V.P.

ST. LOUIS — Nationally-acclaimed amateur runner Frank Shorter will be among the contestants in the V. P. Fair 10,000 Meter Run scheduled for Sunday, July 5, at 7:30 a.m., according to Charles Ryan, chairman of the run.

Shorter, the gold medalist in the 1972 Olympic Marathon in Munich (with a time of 2:12:19) also earned the silver medal in the 1976 Olympic Marathon in Montreal. As the United States' top amateur athlete in 1972, Shorter was the recipient of the Sullivan Award. He also won the Japanese Open Marathon in 1971 and was a two-time winner of the Fukuoka (Japan) Marathon. His personal record time for the 10,000 meter run is 27:46.0.

Carol Cook, a graduate of Ladue High School in St. Louis will also race. She has gained national attention since her regional win in the Diet Pepsi 10,000 Meter Run in Denver last year. She currently holds the sixth-fastest record for the 30 kilometer run. Cook finished

Stremlau signs with Steamers

ST. LOUIS — Midfielder John Stremlau has signed a two year contract with the St. Louis Steamers of the Major Indoor Soccer League. The contract will run through the 1982-83 season with an option for the following year.

Stremlau becomes the fifteenth player under contract with the Central Division Champions. The native St. Louisan has the distinction of being the only player in the MISL to have played in every game in the league's 3 year history. The record now stands at 96 consecutive games, excluding playoff competition.

Stremlau, who teamed with Ty Keough to form the finest midfield pair in the league, is a graduate of Bishop Du Bourg High School

and Southern Illinois University-Edwardsville. The 5-year veteran of the NADL outdoor league played for the St. Louis Stars in 1977. He was a member of the United States Olympic Team for three years and was named to the 1978-80 MISL All-Star Team.

General Manager Mike Sange said, "John has proven to be one of the most durable and consistent players in the league. One of our priorities was to acquire John's contract from the Edmonston of the NASL, which we accomplished on April 8th of this year. Prior to that time, John was available to the Steamers on a loan basis only. We're delighted to have him as a member of the family on a more permanent basis."

Mudra to stay

CHARLESTON — Darrell Mudra has announced that he will remain as head football coach at Eastern Illinois University.

Mudra, head coach of the Panthers for the past three seasons guiding them to the NCAA II title in 1978 and runner-up last fall, had stated in April that he would make a decision on his coaching status for the 1981

season following spring practice.

"There were a number of factors that prompted my decision to remain as head coach. First, I'm excited about the program's advancement to NCAA Division I-AA," Mudra said. "With the NCAA now selecting eight teams for the I-AA playoffs, it offers a realistic challenge for our young men. Also, we had an above average recruiting season and have put together a new offensive coaching staff with some enthusiastic ideas."

Athletic Director R. C. Johnson strongly endorsed Mudra's decision.

Corral

(Continued from Page 9)

stein, he settled down to pitch six innings of strong baseball to nail down the victory.

But it was Hagenbrock who put in the longest day for Corral. But it didn't bother him at all.

The St. Louis University junior acted as if it was just another day at the office. He joked and laughed. He did not complain as he sweated in the hot, summer sun. And as long as the Corral Liquors continues to win ballgames, Hagenbrock can find no reasons to complain.

Hopes course will update TV programming

When Belleville Area College instructor Donald Distler decides the quality of television programming it's more than idle talk.

He sees his participation in initiating a two-year experiment in television teaching as a step toward upgrading program content for school District 522 residents.

Distler will serve as the local contact for students enrolled in the nationally produced Introduction to Data Processing course "Making It Count." The course will air at 6:15 a.m. Tuesdays this fall on KETC-TV, Channel 9.

The course, which is a survey of the computer in our society including the need for data processing, development of computers, components of computer systems and the impact of computers on business management, adapts well to TV, Distler said.

"The computer and TV are a lot alike," he began. "Neither imposes limitations on you or I as to how they will be used."

"TV should not be limited to entertainment; it's a valuable media for education," he continued. "I'm interested in trying new techniques and ex-

ploring and finding new and exciting ways to do things."

Data processing is one of three courses that will be offered by BAC via television this fall. General Psychology and History of Japan also will be broadcast.

Distler was skeptical about the programs at first, he said.

"Before I viewed the tapes, I was very negative about it, but after seeing how well it's done, I changed my mind," he said. "I'm very impressed with the company that put it together."

The course is prepared by the Educational and Training Division of Boeing Computer Services Company.

Distler believes his course will attract students because the need for people to understand computers is increasing daily.

"The computer has become such a popular device, the general public is having it shoved down its throat," he stressed. "A lot of people today have extreme fears of computers just because they don't understand them."

He expects the course to attract those who are unable to attend classes at the BAC main campus or its ex-

tension centers.

"I think my students will be women with children who can't get a babysitter and are interested in upgrading old skills to re-enter a changing job market in the future," Distler said. "There also will be people who work unpredictable shifts or those who do extensive traveling."

Those who miss broadcasts will be able to view reruns at 8:30 a.m. Saturdays or visit the BAC main campus, 2500 Carlyle Road, Belleville, where tapes will be available.

The course will include more than just watching the videotapes.

"I'm going to insist those

taking it over the TV come in at least one time to work on some problems," he said, explaining his "hands-on" approach to teaching data processing is important. "I don't want to lose the interface with the equipment."

Distler will be available in person or by phone to answer questions on the tapes as well as any others that relate to data processing. He will mail sets of study questions and texts to students who will be required to take mid-term and final examinations on campus.

He will be available to assist those who want extra time with equipment, he said.

CANNABIS ARREST

Two Pontoon Beach boys, ages 14 and 16, were arrested behind Grigsby Junior High School at 6:10 p.m. Monday and were charged with possessing cannabis. Officers alleged seeing the boys put something underneath them when police arrived. Two marijuana cigarettes, a small plastic bag of marijuana and cigarette papers were found under them, officers alleged. They were released to their parents, pending juvenile proceedings.

AUTO STOLEN

A green 1971 Matador sedan was stolen from the driveway at the home of Katie Parks, 1703 Bremen Ave., as reported at 5:05 p.m. Tuesday.

Jewelry taken in burglary

A burglar kicked in the front door to gain access to the home of Sandy Slattery, 3143 Maryville Road, and stole a quantity of jewelry, "worth thousands of dollars," the owner reported last week.

The living room, kitchen and upstairs bedroom had been ransacked. The jewelry items included diamond rings, necklaces and costume pieces, police were told.

Also among the items missing were a stereo receiver, turntable and two speakers, valued at \$800, a decorative mirror, a wall clock and an electric can opener. A complete inventory is being compiled.

Insurance revised by school district

The Granite City Board of Education last week designated the Lueders Agency as the school district's insurance agent for workmen's compensation, and changed the school insurance company for this coverage to Employers' Reinsurance Corporation.

Employers' Reinsurance is rated A-plus, class 15, and is licensed in Illinois. The current insurer is not licensed in Illinois. Several other insurance contracts also were awarded to Lueders based on competitive bidding.

Included will be boilers, buildings, air conditioners and building contents, \$54,392 less an estimated discount of \$6,100 based on a 13.6 percent dividend; inland marine, \$5,080 less an estimated discount of \$600; auto and physical damage, \$2,170 less an estimated discount of \$200; auto comprehensive, \$26,931 less an estimated discount of \$3,000; and crime, \$1,190 less an estimated discount of \$100.

For \$3,294, Lueders will provide school liability insurance. No dividends are scheduled. The agency will provide annual \$5,000,000 "alternate umbrella" insurance for \$9,500.

The workmen's compensation decision effective July 1 was based on review of a lone bid and comparison of it with the existing policy. Specific excess coverage will remain the amount over \$150,000 on any one oc-

currence. The limit above the \$150,000 retention will be \$2,000,000 for workmen's compensation and \$100,000 for employer liability. Aggregate protection by the current insurer begins covering total losses over 135 percent of the manual premium. This will change to 125 percent in the new policy, a potential saving of \$10,000.

Reinsurance costs have averaged 14 percent or \$18,119 per year over the past 34 months. Based on an estimated 1981-82 manual premium of \$20,222, this charge would rise to \$28,173, but Lueders bid 8.75 percent of the premium for a projected cost of \$17,697, a \$10,566 saving.

Yearly service charge will be \$10,900, down \$864. Lueders agreed to handle any pending claim at a rate of 90 percent per year.

For "difference in conditions" coverage on earthquake and flood damage, collapse of buildings, overload of rooftop snow and other perils not covered by basic policies, Lueders will charge \$8,450. With 20 buildings, the cost factor will be \$422 per building or \$1.16 per day per building.

BURGLARY AT FOX

Only \$10 to \$14 in change, about a dozen soft drinks and nine pairs of cloth work gloves are known missing after a burglary at the Fox Industrial Warehouse, 1100 Niedringhaus Ave., which was discovered last week. Entry to the warehouse was believed gained through a faulty door. A tire tool was used to break one interior office window and entry to a second office was gained by removing ceiling tiles and climbing through a crawl space. The soda machine and a cabinet were pried open with a crow bar, police were told.

Spare the police, firemen, medics from budget axe

Action taken by the Granite City Council last week to solve the city's financial crisis should be commended, but we urge the city fathers to take care—in the rush to balance the city's books—to make sure they are not depriving residents of life-and-death services.

The City Council has ordered a 20 percent cut in manpower in all city departments, along with a spending freeze and the borrowing of up to \$1 million to see the city through until new taxes are received, probably in August or September.

In some departments, cuts have been needed. As active observers of local government activities we have seen many wastes of taxpayers' money in recent years and have done our best to point them out.

However, three departments which should not be made to bear the brunt of the city's financial problem are those which protect lives and property: the police department, the fire department and the ambulance service. Other departments, of course, also play an important role; but most could be cut back temporarily without physically jeopardizing lives.

We see the police in action daily. Instead of fewer policemen, more are needed.

We would be willing to support a new tax, if one is absolutely necessary, to see that at least the present level of police services is maintained (although, admittedly, many voters are negative about any kind of tax rise). Crime cannot be ignored. It will not go away, and must be fought daily. The police are our first line of defense.

Reductions in the fire department could only jeopardize local property, as well as fire insurance ratings. Fewer firefighters mean either fewer men per fire truck or fewer fire trucks in action. Neither is acceptable when a fire starts.

It also is our observation that the ambulance service is anything but overmanned. Indeed, far too often, lives are in jeopardy because all of the city's ambulances are busy at a time. A 20 percent reduction in manpower in that service would mean a 20 percent reduction in the number of ambulances available when needed.

Granite City needs and deserves good police, fire and ambulance service. We recognize that in the present financial crisis, spending has to be cut or the city will face the round-robin of eternal borrowing—a practice which helped destroy the old East Side Levee and Sanitary District and which has contributed to the downfall of East St. Louis.

Granite City residents do not want "red ink" government, so some remedial steps must be taken to bring revenue and costs into balance. Some resulting inequity to the public may be inevitable.

But we urge the city fathers to reconsider their "across-the-board" cuts in salaries and expenses. To cut police, fire and ambulance services would be to cut the emergency medical technicians and paramedics from the cutting block. As the saying goes: "It's a matter of life and death consequences."

Keep physically, mentally active to remain healthy

Guest comment by Action for Independent Maturity, a division of the American Association of Retired Persons—On "the 31st anniversary of his 39th birthday," President Ronald Reagan was a visible proof that keeping physically and mentally active is a most effective way to stay young.

Later, the president's rapid recovery from a would-be assassin's bullet led one hospital spokesman to say that, though 70, he had the physical resiliency of a 50-year-old.

For millions of Americans between the ages of 50 and 70—described as the period of "midsentence"—Mr. Reagan's vitality and health symbolize revolutionary changes.

More of us are living longer. People who were 50 in 1978 can expect (if they are typical) to live past 77, according to the National Center for Health Statistics.

Those who were 65 in 1978 will, on the average, live to 81 and beyond.

Today, life expectancy at birth is 73.8 years, a dramatic increase of 26.5 years since 1900, when the average American could expect to live only 47.3 years. Life expectancy continues to rise, and some medical researchers predict an increase in life span to 120 or beyond, during the next century.

Almost all men and women in their middle years can add up to 12 years or more to what otherwise would be their life expectancy by following a few simple rules:

1. Exercise regularly several times a week.
2. Eat well-balanced meals; reduce intake of fat, salt and sugar.
3. Get enough sleep; naps are good, too, when possible.
4. Cut out or reduce alcoholic drinks.
5. If a cigarette smoker, stop.
6. Obtain periodic physical check-ups.
7. Maintain a sense of humor; "laughter is the best medicine."

'Resort' postal training facility

To the Editor:
I am writing to apprise you of an egregious waste of citizen funds in one of the most affluent areas in the country.

The U.S. Post Office Department, which recently increased stamp prices to 15 cents to 18 cents, is about to start building what amounts to a resort training site in my state legislative district in Potomac, Maryland.

There, the Post Office Department spent \$6½ million for 80 acres of land in a residential area next to homes selling for \$300,000 to \$700,000.

The department has said at one time or another that it will provide there a cocktail

lounge, swimming pool, gymnasium, jogging trails, eight tennis courts, and a par-3 golf course to 500 people a day, seven days a week.

No public transportation will be available to this "Taj Mahal" postal training resort. It is a premier example of government waste.

While the "cash on the barrelhead" price for construction is \$28.3 million, the department will finance it over a period of years, bringing construction costs well over \$50 million, including interest.

Our recent stamp increase will pay the bill.

The land for this purchase, which puts "Tara" to shame, was purchased by the department on Oct. 2, 1980, just before the election.

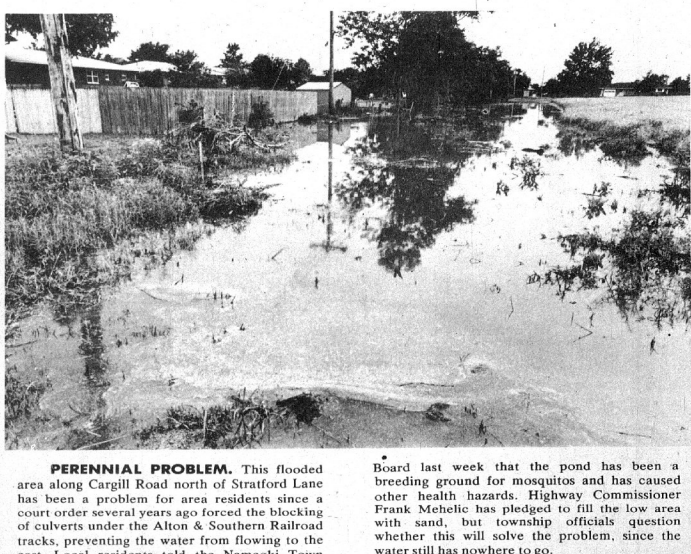

President Robert Dintelman said: "The \$11.3 million budget, which was prepared through the use of zero-base budgeting techniques, received unanimous approval from the board."

Board Member John Becker of Sparta said this budget "should end talk of tax increases in the near future."

He added, "I think this budget tells the community that we're operating the college with a sound fiscal policy, and there's no increase in taxes coming in this district in the next two or three years."

"I, for one, see no need for increases for a number of years. I think it's time we spoke out on this."

"We're not going to have to lay off a teacher or anyone in the foreseeable future," Becker added. "We can

PERENNIAL PROBLEM. This flooded area along Carhill Road north of Stratford Lane has been a problem for area residents since a court order several years ago forced the blocking of culverts under the Alton & Southern Railroad tracks, preventing the water from flowing to the east. Local residents told the Namecki Town

BAC maintenance pay raised; new budget totals \$11 million

The Belleville Area College Board of Trustees last week adopted an agreement with maintenance workers, approved an \$11.3 million budget for the 1981-82 year and voted pay hikes for administrators.

Six BAC maintenance workers were given a three-year contract with 11 percent pay raises each year.

In 1981-82, their hourly wage will increase from \$8.05 an hour to \$8.94, in 1982-83 to \$9.92 per hour, and in 1983-84 to \$10.01 an hour.

The three-year contract will cost BAC an additional \$36,940, BAC Vice-President for Administrative Services James Hines told the board.

The college maintenance employees are members of Local 116, Service Employees Union. The contract is effective July 1.

"It is an unusual and pleasant occurrence when an employee contract comes to the board prior to the expiration of the current agreement," Board President Robert Dintelman said.

The \$11.3 million budget, which was prepared through the use of zero-base budgeting techniques, received unanimous approval from the board.

Board Member John Becker of Sparta said this budget "should end talk of tax increases in the near future."

He added, "I think this budget tells the community that we're operating the college with a sound fiscal policy, and there's no increase in taxes coming in this district in the next two or three years."

"I, for one, see no need for increases for a number of years. I think it's time we spoke out on this."

"We're not going to have to lay off a teacher or anyone in the foreseeable future," Becker added. "We can

carry on the programs we've got without any 'surgery'."

The budget continues implementation of a three-year plan to cut \$1 million in recurring expenses, the BAC acting president, Dr. Bruce Wissore, said.

This is the first time the college's budget has been approved before the July 1 beginning of the fiscal year, it was noted.

The budget includes establishment of allocated funds for building repair and replacement work, including such things as roof and parking lot repairs and instructional and maintenance equipment replacement.

Administrative pay raises approved by the board average 3.5 percent. Dr. Wissore will receive a \$4,391 hike in his salary, which is \$49,875.

Hines and Dr. Weldon Tallant, vice-president for student development, also will receive an additional \$4,391 annually. The two currently earn \$43,908 a year.

The vice-president for instruction, Dr. Wayne Clark, will receive a \$4,430 raise in his \$44,301 salary.

Most of the increases range from 10 to 13 percent. All fiscal 1981-82 salaries are within range guidelines recommended by the Ernst and Whitney company in its organization and compensation study prepared for the college in 1980.

The largest pay increase went to Assistant Registrar Whit Smith. She will receive an additional \$4,160, a 27.4 percent boost in her \$15,200 salary.

Athletic director and basketball coach, Jay Harrington will receive a 15.6 percent increase or an additional \$3,095 to his \$19,644 salary.

The Smythe and Harrington raises are higher than the average to bring them up to the minimum set in the Ernst and Whitney report, Dr. Wissore said.

Several employees received raises below 10 percent to keep their pay at or below the report's guidelines, he added.

Faculty pay hikes will

Board last week that the pond has been a breeding ground for mosquitos and has caused other health hazards. Highway Commissioner Frank Mellich has pledged to fill the low area with sand, but township officials question whether this will solve the problem, since the water still has nowhere to go.

(Press-Record Photo by Pat Foley)

average 11.5 percent, Dr. Wissore related.

In other business, the board approved appointment of John Silvester as registrar and as director of student information systems.

Silvester replaces Robert Eskridge, who is now dean of the Career Oriented Division.

In addition to the duties of registrar, Silvester will supervise the counseling department.

Silvester has been employed as director of basic education at the Granite City BAC Day Center, director of the Region 15 Career Guidance Center, and director of veterans' services at BAC.

Before joining BAC, he served as director for Human renewal services at Lewis and Clark Community College in Godfrey. From 1968 to 1975, he taught in junior high schools and senior high schools and served as a personnel management specialist in the Army, with service in Vietnam.

Silvester has a bachelor degree with majors in mathematics and biology, a master's degree in education, and a master's degree in counseling.

He expects to complete a master degree in business administration this fall.

Smith, an enrollment officer, is a student in the doctor of philosophy program in higher education at St. Louis University.

Silvester, the college plans to establish a system of on-line transcripts which are to be given to students, Tallant said. The transcripts will give students a record of their progress at BAC, Tallant added.

"All information collected on students, including grades and extracurricular interests, is to be gathered and put into the computer," he said.

"We can then get a computer printout of those interested in a field and give it to the appropriate instructor or advisor."

"If we do this, we're going to be one of the few colleges

in the nation to do so. This is significant, when you consider that not too many years ago we figured grade-point average with a pencil."

Other appointments approved by the board included Jeanne M. Balz as secretary to the vice-president for instruction and Donald E. McNaughton as systems analyst.

Leaves of absence were granted to physical math and science instructors Dave Cordes and Bruce Sisko. Both will work for McDonnell Douglas for a year.

The work will enhance their instruction at BAC, Dr. Clark said.

A resignation from Jerri Sutherland, former secretary to Dr. Clark, was accepted.

The board also approved a \$473,113 budget for the Menard extension of BAC. The Illinois Department of Corrections and the Illinois Community College Board fund that budget.

The director of that extension, George McArdle, told the board the budget has increased to that amount from \$1,800 when the center opened in 1975.

Becker complimented McArdle on the program offered at the correctional center. "You do a tremendous job in a tough situation," Becker commented. "The building you teach in is quite a handicap."

McArdle said that at least four and possibly as many as 12 inmates will receive associate degrees in August. The center has graduated 27 students since 1975, he added.

The BAC board agreed that the help of the Presidential Search Consultation Service is no longer needed to secure a president for BAC.

Becker, who is chairman of the committee appointed to narrow the field of candidates to seven, said his group is down to 12 and can finish the selection without the Service's assistance.

"We can then get a computer printout of those interested in a field and give it to the appropriate instructor or advisor."

"If we do this, we're going to be one of the few colleges

Plenty of gasoline for holiday

The price of most gasoline grades decreased for the second month in a row in the AAA Auto Club of Missouri's monthly survey of 55 stations on main highways in Missouri and nearby Illinois and Kansas. While the price of full-service regular rose one cent since the May survey, prices for full-service unleaded and for self-service regular and self-service regular and self-service unleaded fell from one to two cents.

Cost-conscious motorists can find a wide array of prices. The survey shows a range from \$1.25 to \$1.46 for full-service regular and from \$1.27 to \$1.47 for full-service unleaded. Motorists willing to pump their own gasoline may pay anywhere from \$1.19 to \$1.39 for self-service regular and from \$1.25 to \$1.43 for self-service unleaded.

The Independence Day holiday should pose little problem for travelers looking for gasoline along major highways. Eighty-four percent of the stations contacted said they would be open on July 4. Other stations operating hours remain about the same as they were last month. Fifty-one percent said they would close by 8 p.m. on Wednesday (50 percent last month); 34 percent said they would close by 6 p.m. on Saturdays (34 percent last month); 66 percent will be open on Sundays (66 percent last month); and 11 percent will be open 24 hours (10 percent last month).

Honor 16 at awards dinner

Seven persons received union counselor awards and nine received appreciation awards during the annual AFL-CIO Union Counselor Awards dinner held at the Hampton Hotel, 1100 N. Main St., Monday, July 27, 1981.

Twenty-six persons attended the event and saw a film of Hubert Huphrey's speech in September, 1977. Les Morgan was a special speaker and discussed the history of the AFL-CIO.

Receiving union counselor awards following their recent training were: Mitchell Aramowitz, Lloyd Bailey, George Cook, Steve Isenberg, Elmer Noud, Robert Wiley and Karen Martin.

Appreciation awards were given to John Hopkins, Randy Irwin, Steve Ben, Les Morgan, Edwin F. Reiske, George Knecht, Larry Miller and Robert Stevens.

Knecht served as master of ceremonies for the event, which is held in conjunction with the United Way's labor relations program.

Cubs compete in fishing derby

Cub Scout Pack 122 sponsored by Wilson School No. 2A held their second annual fishing derby June 20 at the Madison County Baptist Association grounds in Granite City.

A trophy for most fish caught was presented to Webelos Ricky Dawes. A second place ribbon was presented to Webelos Jerry Lipchik.

A trophy for most fish presented to Cub Allen Davis. A second place ribbon was awarded Steve Tatt and Phillip Stucker won the third place ribbon.

A trophy for largest fish was won by Cub Bobby Lipchik. Davey Robertson won the trophy for largest fish.

Other Cubs participating in the derby were David Whitehead, Steve Four, Chris Anderson and Billy Yarbrough.

SOLICITATION ARREST James M. "Mike" Lempe, 31, of 3045 Marshall Ave. was arrested by Granite City police at 3 p.m. Thursday on a charge of allegedly indecent solicitation of a child. He was released on \$3,000 recognizance bond after appearing before Associate Judge Clayton Williams.

Unborn should be tax dependents

To the Editor:
From the moment a mother thinks she might be pregnant, the baby is costing her and her husband money.

Once the diagnosis of pregnancy is confirmed, the mother is spending money on maternity clothes, visiting the doctor, vitamins and whatever else the doctor recommends.

In addition, baby clothes, crib, carriage, alterations in the home, etc., are charges the parents must meet as soon as the existence of the baby in her womb is confirmed.

Some couples actually spend a fortune on the investigation and treatment of sterility just to bring the baby into existence, i.e., conception...a legitimate claim in some cases.

A baby, therefore, is a costly dependent from the moment of conception and

should be listed on the income tax return whether or not delivery occurs in the same calendar year as conception.

Parents who have not claimed unborn babies as dependents, when the birth was before September, should do so, and collect refunds and interest on the overpayments.

Parents, like myself, who have several children born before September could use a refund on those overpayments to educate

their children. So, let us see that justice is done.

My accountant said that the law would have to be changed; but babies are dependents from the moment of their existence when it can be demonstrated.

I personally intend to have my accountant take this up with the Internal Revenue Service, and I hope all parents similarly situated will do likewise.

M. GERARD BAGGOT, M.D.
Granite City

INNOCENT, GUILTY VERDICTS BY COURT Robert Earl White, 21, of the Tower Lake Apartments, Southern Illinois University at Edwardsville, has been sentenced to serve 45 days in the Madison County Jail and to be on probation for two years, due to March 22

possession of 30 to 500 grams of cannabis. A bench trial was conducted by Circuit Judge A. A. Mateosian. White's team in last year's trial was indicted at a bench trial on a March 21 felony theft allegedly occurring at SIUE.

Each month we receive a pre-cut first-class letter sent the bill to each homeowner, at a cost of 15 cents per letter.

Could I offer a suggestion

How to reduce county sewer billing cost

To the Editor:

Named Township has been "home" since we built our home in 1955.

What a great improvement the sewers have made to our entire area. So many people have worked so many years to have the project succeed, we were happy to tap into the sewers, regardless of price. We connected onto the sewers in March and paid \$11.80 a month. Now, we understand the monthly bill will be \$15.80.

Each month we receive a pre-cut first-class letter sent the bill to each homeowner, at a cost of 15 cents per letter.

Could I offer a suggestion

to Special Service Area One on the billing and handling of our sewer bills?

My suggestion is simple. Instead of sending each customer a bill for a presorted mail postcard quarterly rather than a monthly letter?

This postcard can be mailed presorted at a cost of 11 cents a quarter rather than 45 cents a quarter, as is the case now.

The City of Granite City mails postcards now, and there is plenty of room on both sides of the card to put whatever information is needed for the homeowner.

Can you imagine what the savings would be on the time of a clerk who is preparing—and sealing—all these

letters?

Perhaps we could cut down on the number of personnel handling all of this sewer project—and ultimately cut down on the \$15.80 a month—\$47.40 a quarter—bill that each one of us has to pay.

Granite City pays \$4.53 a month, \$13.00 a quarter. Inflation is here. Therefore, we must "cut all corners" so people can afford to own and, most of all, maintain their homes.

This is just one suggestion to help keep down the cost of maintenance of our sewers. I'm sure there are many other ways. I hope this suggestion helps.

\$95 checks to teachers for '79-80

Payments of \$95.91 each, less such deductions as withholding taxes and pension contributions, was part of last week's Granite City teacher payroll.

The checks will go to 629 who were employed as faculty members during the 1979-80 school year, as a result of a final order in a court case.

The full amount is due to go to 613 teachers. The other 16 taught for various portions of the year and will receive lesser shares.

A grand total of \$59,920 is being distributed under an order issued by Associate Judge Edward C. Ferguson. He amended the figure to correct a mathematical error in a tentative ruling.

Both the school district and Local 743, the Federation of Teachers, agreed to the decision and will not appeal it.

The lawsuit by Local 743 contended that the school system, during teacher agreement negotiations, implied that a specified number would be hired when it utilized a staff size estimate. The estimate was used to divide a total wage offer among individuals, it was asserted.

The added payment takes into account a finding that the faculty size failed to reach the estimated figure during the year.

Application of the ruling to 1980-81 was rejected by Judge Ferguson.

Completion of the case is believed likely to set the stage for initial negotiations on terms of an agreement for the period beginning July 1.

Bill to deter drunk driving given approval

State Senator Sam Vadala, of Edwardsville, has announced the passage of Senate Bill 457 to curb intoxicated drivers.

He was a co-sponsor of the proposal, which originated in the Motor Vehicle Laws Commission. Vadala is one of the senior members of this commission and is presently serving as vice-chairman.

Sen. Vadala said the bill, now awaiting executive action, can provide Illinois with "the best statutory language known in this country to identify and remove the driver who is impaired from alcohol or other drugs."

"I have personally been trying for almost 10 years to amend our present statute because it has been ineffective, time-consuming and counterproductive."

"The law enforcement and prosecutorial community, as well as concerned and responsible drivers in this state, have long felt the approach has been overdue."

"I am optimistic about the potential of Senate Bill 457 as a catalyst which will encourage increased efforts on the part of all those charged with the responsibility of deterring this highly sensitive, anti-social activity known as drunk driving."

READY TO MOUNT. Boy Scouts and leaders at the Beaumont Scout Reservation in Missouri learned how to groom, saddle and ride horses. After a day in the saddle the Scouts are ready to return next year. Most of the adults were not real sure. From left: Bill Heffner, Mike Maier, Mel Maier troop committee member and Mike Shuettee.

Auto consumer action program

For consumers who have complaints concerning their automobiles, a new Automotive Consumer Action Program is being sponsored by the Illinois New Car and Truck Dealers Association.

AUTOCAP is part of a national program developed by the National Automobile Dealers Association, and endorsed by the White House Office of Consumer Affairs as a way of addressing auto complaints.

In announcing the start of the Illinois program, Les Sander, president of the sponsoring organization, said, "Dealers want to resolve complaints against their businesses. AUTOCAP can help create better consumer relations by providing dealers and consumers a forum to work together constructively on auto problems."

"It can help open lines of communication between dealers and consumers by putting consumers in direct touch with dealership personnel who have authority to handle complaints. Most problems are settled right at the dealership, once the problem is made known and communication has been established."

"And our staff will maintain records of complaints to determine the kinds of problems that surface most frequently. This information will help dealers improve their operations and reduce the cause of complaints."

Rider to CIC post

The appointment of John R. Rider as executive director of the Metro-East-St. Louis Regional Council on Interinstitutional Cooperation (CIC) has been announced by Earl S. Beard, acting vice president for provost at Southern Illinois University at Edwardsville.

Rider will serve in the position on a half-time basis while retaining a half-time assignment as a professor in the department of mass communications of the SIUE School of Fine Arts and Communications.

The appointment, effective July 1, will fill the position presently occupied by Alfred J. Junz, who also serves as director of the SIUE Foundation and is being assigned to full-time service with the Foundation, Beard said.

Beard explained that CIC is a voluntary non-profit collegiate level educational association whose purpose is to encourage effective and efficient use of educational resources among member institutions and to develop innovative concepts and applications. The executive director is employed by SIUE.

The member institutions of CIC, in addition to the University, are: Belleville Area College, Blackburn College, Greenville College, Kaskaskia College, Lewis and Clark Community College, McKendree College, College of St. Louis University and State Community College.

Rider returned to SIUE last year after serving two years as director of a new educational center established in Geneva, Switzerland, by Webster College of St. Louis. He previously had served as chairman of the department of mass communications and

JOHN RIDER

director of the Broadcasting Service at SIUE from the beginning of the program in 1968 until 1973.

He also has held teaching and administrative positions in development and institutional relations at Indian Central College, MacMurray College, Syracuse University, and the University of Texas. He completed his doctorate in communications, speech and broadcasting at Michigan State University.

Rider is the author of two books, one of which has been translated into Chinese, and he has written many articles for educational journals and the media. He is a consultant to numerous religious and institutional organizations and has traveled and taught extensively in countries around the world.

BOARD EXAM

An examination in persons interested in becoming members of the Board of Review for Madison County will be held Friday in the board room at the courthouse in Edwardsville. The exam will start at 10 a.m. and will be conducted by the Illinois Department of Revenue.

Little change in new park budget

A new tentative Granite City Park District budget of \$871,775, a reduction of \$5,947 below that of last year, was publicly posted by the Park Board at a regular meeting last week.

The new appropriation for the 1981-82 year projects a total expenditure of \$518,375 for general corporate purposes against total available funds of \$655,478 which includes \$281,753 in a balance at the beginning of the year on May 1.

This compares with last year's corporate purposes budget of \$439,484 against available funds of \$664,993 including a beginning year balance of \$227,319.

The tentative budget bill also includes \$313,393 for

recreational purposes, \$20,923 for municipal retirement, \$15,904 for tort liability and \$3,150 for auditing.

The general fund budget includes \$85,994 for administration purposes, \$192,996 for parks, \$59,425 for concession stand operation, and \$126,135 for operation of the ice rink.

For neighborhood parks the board budgeted \$75,346 for administration purposes and set \$165,556 for Wilson Park, \$42,645 for Community House, and \$29,946 for the Nameeki Recreation Center.

The budget will remain on public post for 30 days before final action is taken by the board.

Rotary and Lions hold joint installation

The Madison-Venice Rotary Club and the Madison Lions Club held a joint installation of officers last week.

Bill Badger is the new president of the M-V Rotary Club and Paul Ashford is the Lions club president.

District 1-G Lieut. Governor Lion Don Patrick served as the installing officer for both clubs.

Other Rotary officers are Norman Stawar and Joe Gorney, vice-presidents; Chris Olson and Clarence Green, secretaries, and Willie Griggs sergeant-at-arms.

Tom Gordon, Phil Barnett and Jim Miller Jr. are all vice-presidents of the Madison Lions. Al Studer is treasurer and Richard Bright is secretary.

Marvin Stultz is Lion Tamer, John Bellcoff is trail twister, and Fred Duffin is

chaplain.

M-V Rotary directors are Jack Lee, Al Hudak, Ray Edwards, Wade James, and Frank Kierski.

Lions directors are Don Bridick, Emmett Pavia, Alex Markuly, Mike Sasyk, Tony Anselmo, Matt Ozanich, and Travis Rash.

Bill Gushleff is the retiring president of the Madison Lions Club and Don Kierski is the retiring president of the M-V Rotary.

Past Lion President John Bellcoff acted as master of ceremonies at the installation.

Mitchell fire budget \$115,725

A new 1981-82 general fund budget of \$115,725 has been adopted by the Mitchell Fire Protection District, providing \$15,000 for payments to the Mitchell Volunteer Fire Department and another \$22,000 for fire equipment and maintenance. The budget ordinance includes another \$30,000 for the purchase of new fire equipment and supplies. Other items are \$17,000 for insurance which includes damage to equipment, bodily injury, property damage and workmen's compensation. The budget also provides \$1,000 as salary for the fire chief, \$500 salary for the assistant fire chief and \$1,250 in salaries for four fire captains.

An item of \$5,000 is appropriated in a reserve fund for acquisition of a fire station site, construction of a firehouse and acquisition of a new fire fighting vehicle.

Charged with aiming gun at couple

Edward T. Mitchell, 23, of 4009 Braden Ave., was charged with unlawful use of a weapon and aggravated assault after he allegedly pointed a pistol at two persons in the street in front of his house at 2:40 a.m. Sunday.

Jimmy Greene of the 1700 block of Ferguson Avenue told police he and Marilyn Walker of the 3000 block of East Chain of Rocks Road, were driving north on Braden Avenue when they encountered two men in the roadway who refused to move.

Greene said he asked the men to move and they responded with an obscenity. An argument ensued, during which Mitchell allegedly ran into his house and returned with a BB pistol which he pointed at Greene and his passenger.

Police arrived and allegedly found Mitchell holding the two by their pickup truck at gunpoint. Two officers aimed their service revolvers at Mitchell and ordered him to drop the gun. He complied, it was reported. He was handcuffed and was jailed.

Joins realty firm here

Louise Williams has joined the staff of Realty World, Star, Inc. at 3701 Nameoki Road. Fifteen years ago she was the second woman to sell real estate in Granite City, and for the past six years has been affiliated with Holzinger Realty where she managed their Staunton office for 3½ years.

Louise is married to Bruce Williams and they are the parents of eight children and have one granddaughter. For recreation during the past nine years, Mrs. Williams says her family has been host family to foreign students at SIUE through the International Hospitality Program. During that time, her family has acted as substitute families to students from Nigeria, Iran, Taiwan, India, Pakistan, and Malaysia.

For the past 2½ years, Louise has been the Co-ordinator with I.H.P., known as the "Mama Lou" or "Chinese Mama" to approximately 40 Chinese students each semester. She is a member of the Edwardsville-Collinsville Board of Realtors. She is currently the president of the Edwardsville-Collinsville Board of Realtors.

HIT WITH SHOVEL. Steve Whitley, 1020 Market St., Venice was treated at St. Elizabeth Medical Center after being struck on the head with a shovel during a disturbance at his home about 12:25 p.m. Friday. Police questioned the man who allegedly struck him and the man contended he acted in self-defense because Whitley had a knife. There were no arrests, pending additional investigation.

EAGLE PARK FIRE. An overheated air conditioner is suspected of starting a fire which caused about \$500 damage to the home of Ivy Miller, 224 Carver St., Eagle Park Acres, Saturday afternoon. The fire also caused about \$100 damage to the home's contents. Venice firemen fought the blaze from 4:13 to 4:47 p.m. Saturday. The house is owned by Albert Miles, firefighter said.

CONDUCT ALLEGATION. Christie L. Miller, 30, of 2301 Nameoki Road, trailer 5, was charged with disorderly conduct following a series of disturbances in the Granite City Hall office of the Madison County circuit clerk Friday. A deputy clerk alleged that Christie Miller had been in several times objecting to a fine she had to pay and used rude and vulgar language. Finally, police were called and warned her to stop or face arrest, officers said. She paid a part of her fine and started to leave, but allegedly made an obscene gesture and statement as she left, so she was arrested, police said.

NEW BANNER. As a token of friendship and cooperation, the Pontoon Beach Lions Club presented a new Lions Club banner to the Granite City Lions, who lost their original club banner when the club changed meeting places. From left

are Pontoon Beach Lion President-elect Bob Barton, Pontoon Beach Lion President David Schermer, Granite City President Elmer Worthan and Granite City Lion President-elect Oscar Nazetta.

Study amusement center licenses

Defining what an amusement center is and whether a pizza parlor containing pinball machines needs the approval of the Granite City Council as an amusement center is a problem being faced by the city council in light of a new request.

Debate on the matter was sparked by a letter from Nelson Hediger, owner of buildings in the 1200 block of 19th Street, who said he lost his lease for a billiards hall on Nameoki Road he had operated for three years and has moved the tables, pinball machines and video games from that establishment into the Lord Nelson's Sporting Complex on 19th Street at Delmar Avenue downtown.

Hediger noted that the council gave him permission to put betting cages in the building in February, but he found there was not enough room for the

cages in the building, so they were put outside and the pool tables and machines, all which are licensed, were put inside.

Hediger's letter was, in response to comments made on the council floor June 16 by Alderman Jake Varadian of the Fifth Ward, who asked if the council had given Hediger permission to operate a gaming room at 226 Nineteenth St.

Chief of Police Ronald J. Veizer said police had entered the establishment earlier in June and had pulled the plugs on most of the machines, since they did not appear to be licensed. A report was sent at that time to the city inspector.

Mayor Paul Schuler said he regarded Hediger's latest letter as an application for permission to operate an

amusement center and asked the council what it wanted to do on the matter.

Varadian asked that the council defer action on the letter until the council has an opportunity to discuss the matter further. "We may have a problem. Other establishments, pizza places and others, have machines. We should talk about this," Varadian said.

He made a motion to defer action on the motion and to hold a caucus at 7 p.m. Tuesday, July 7, before the next regular council meeting, to discuss the matter. The operators of some of the establishments which have amusement devices should be invited, he suggested. The council concurred with the motion.

Challenged ballots delay decision on GC Journal union representation

A decision whether employees of the Granite City Journal will be represented by the St. Louis Newspaper Guild, left the area after the election to attend a Guild convention and will not be available for questioning until July 13, according to a Guild employee.

She declined to comment on the contents of objections the Guild filed with the NLRB on the conduct of the election.

The objections incorporate the basic contents of unfair labor practices charges the Guild already has filed on behalf of four former employees who were fired during the union organizing effort. Herman Glasier, assistant to the regional director of the NLRB, confirmed Friday.

Editor George Williams, Sports Editor Michael Reilly and Advertising Manager Louis Newspaper Guild, left the area after the election to attend a Guild convention and will not be available for questioning until July 13, according to a Guild employee.

Either side will have the right to appeal Solen's decision to the national office in Washington, D.C., the spokesman confirmed.

Robert A. Steinke, executive secretary of the St.

Dave Wachter were fired June 8, allegedly for failure to carry out "unlawful surveillance" of union activities, according to complaints filed by the Guild, which is challenging those dismissals. The Guild also filed an NLRB complaint on behalf of former Granite City Journal advertising salesman Mike Hildebrand, who was fired approximately two weeks earlier. Hildebrand contends his firing was related to his activities in attempting to organize the Guild at the free paper.

Glasier said the unfair labor practices complaints on behalf of the four former Granite City Journal employees are "under investigation" at this time and no date has been set for

issuing of a recommendation or recommendations.

After the investigations are completed, attempts will be made to reach agreement between the Guild and the Granite City Journal on a course of action, if necessary, to correct any violations. An NLRB spokesman explained.

GC Council defends aldermanic courtesy

By GARY SCHNEIDER
of the Press-Record

"Aldermanic courtesy," an unwritten law by which aldermen respect the wishes of each other when it comes to a request for a stop sign or other minor improvement within any alderman's ward, was strongly supported by 11 of the city's 14 aldermen during last week's meeting.

An "innocuous motion" by First Ward Alderman Everett Morlen to limit new stop signs to only "necessary signs" met swift opposition by several aldermen who felt it challenged their powers under aldermanic courtesy.

Alderman Mike Modrusic of the Seventh Ward responded angrily to the motion, saying directly to Morlen, "If an alderman wants to bring in a sign that's good for his ward, I don't think you have the right to turn it down. If you wonder if it is necessary, check with

the aldermen of the ward."

Alderman Paul Ray Bowler hinted that to challenge an alderman's recommendation of a stop sign is to challenge his power to help his ward. "If one alderman makes seven other aldermen mad, he won't be able to get an ordinance through and represent the residents of his ward," Bowler stated, asking respect for aldermanic courtesy on the council floor.

Mayor Paul Schuler told Morlen, "I don't think anyone brings a motion in now, unless it is necessary." Asked how the council is to determine which stop signs are necessary and which are not, Schuler said, "I believe the council will, by a vote."

Morlen noted that the city currently is in a financial bind, severe enough to begin layoffs, and he said the council seems to be putting up a

lot of signs, many of which are being stolen and broken down. He noted that stop signs are expensive to erect and to maintain and he feels the council should use some discretion in erecting new ones.

When Schuler called for a vote on Morlen's motion, only Morlen and his co-alderman from Ward One, Casmer Skubish, voted in favor. Eleven others voted against it. Only Alderman Margaret Nonn was absent.

The debate followed council action putting on first reading an ordinance authorizing placement of a stop sign for northwest-bound traffic on Grand Avenue at 24th Street.

Another ordinance which would have authorized a stop sign on St. Clair Avenue at Leonard Avenue was tabled when the aldermen of the ward said they had not requested it.

Governor to attend meeting on medicaid

Governor James R. Thompson has been summoned back to the White House to meet with President Reagan's top advisors who are fashioning the administration's final proposal on medicaid.

The governor was called to meet Thursday with Health and Human Services Secretary Richard Schweiker, Edwin Meese III, counsel to the President; James Baker, chief of staff; David Stockman, director, Office of Management and Budget; and Rich Williamson, assistant for Intergovernmental Affairs.

With the governor representing the National Governors' Association will be NGA Chairman George Busbee of Georgia and Governor Lamar Alexander of Tennessee.

"These are crucial decisions that will determine

Illinois' ability to balance its budget in Fiscal Year 1982 without further budget cuts," Governor Thompson said. "Illinois has much at stake in what the administration recommends and in what action Congress takes on this vital issue."

The White House is determining the levels that it will recommend that Congress appropriate assistance to the states for medicaid.

The governor will return to Springfield following the conclusion of the 9:30 a.m. meeting in the White House.

HOME IS RANSACKED

A burglar who broke a window to gain entry to the Craig Tarpoff residence, 1418 Edwardsville Road, ransacked a bedroom Thursday evening. A list of missing items is being prepared.

Probation in car body shop probe

Vernon E. Guebert, 43, of 4728 Vincent Ave. this month was placed on two years of probation, fined \$1,730 and ordered to make \$866 restitution.

Associate Judge Thomas Hildebrand presided. Guebert was sentenced for a March 2 felony theft on a charge filed by Illinois state authorities in cooperation with Granite City police. Another theft allegation was dismissed, and a third was amended to petty theft.

He was described as having been the owner of A-1 Auto Body. The charges followed an investigation of potential "auto chop shop" activity in this region.

Dr. Edward Doisy new assistant professor

Dr. Edward A. Doisy III has been named Assistant Professor of Ophthalmology at St. Louis University, where he is supervising residents in eye surgery at City Hospital. Dr. Doisy is also on staff at St. Elizabeth Medical Center and has been in medical practice in Granite City for the past five years. Doisy graduated cum laude from Central Methodist College in Fayette, Mo. with a Bachelor of Arts degree. He received his MD from Washington University Medical School and was awarded a Danforth Scholarship. He served his residency in the department of Ophthalmology at St. Louis University. The Doisy family has an outstanding background. Dr. Doisy's father, Edward Doisy II, was a biochemist and professor of biology at St. Louis University. His grandfather, Edward Doisy, Professor Emeritus at St. Louis University, is also a biochemist and was awarded the Nobel Prize for Medicine in 1937 for his research on vitamin K and sex hormones.

DR. EDW. DOISY III

Fireworks dangers include fires, explosions, injuries

Brad was a healthy 12-year-old until the oil drum exploded. Brad (not his real name) had been walking down an alley setting off ladyfingers when he found the old storage drum, still filled with fumes. What would happen the 12-year-old had wondered, if he set off one of his firecrackers inside the drum? The explosion blinded one of Brad's eyes and scorched his face. It ripped off a piece of the drum's top, which sliced into Brad's forehead, peeling back his scalp to the top of his head. He was in the hospital six months. Brad's case is one of many where fireworks cause serious fires or explosions. These accidents make fireworks even more dangerous than they normally are, according to Jack Carter, State Fire Marshal. "It's what kids do with them that's the problem," Carter said. "Fifty-two weeks out of the year, we teach kids not to play with matches. On the Fourth of July, we give them fireworks." Fireworks are illegal — and they're dangerous. Carter estimated they injure more than 260 people in Illinois every Independence Day. Most injuries are to people who bought them illegally. "The law is a lot stricter than most people realize," Carter said. All fireworks, including firecrackers and Roman candles, are illegal in Illinois without a permit for a public display. To get a permit, three adults must post \$1,000 bond and have local authorities inspect where the applicants will set the fireworks off. The law attempts not only to reduce direct injuries from fireworks like burns and deafness, but also to avoid tragedies like Brad's, which stem from curiosity or carelessness. Fire caused by such accidents destroyed well over \$80,000 in property in 1979, according to the Office of the State Fire Marshal. Work by local authorities throughout the state in enforcing fireworks laws has reduced the number of accidents statewide, Carter said. Local authorities are prohibiting illegal retail sales, keeping fireworks from children's hands, he said. More people have become aware of the law and obey it, he said, but most still violate it without knowing they do.

2 join mental health board

Two have been appointed to the board of directors of Mental Health Services, Southern Madison County, it was announced by Evelyn Leeper, board president. Paul J. Diefenbach of Highland and Jeanne Eardley of Trenton will begin their terms effective immediately. He is a retired high school principal and she is a registered nurse. Mental Health Services is a private, not-for-profit organization that serves all residents in the southern half of Madison County. The administrative offices are at 2024 State St., Granite City. Services at the mental health clinic include individual, family and group counseling, an adult socialization program, work adjustment training, crisis intervention, community outreach, and satellite services at 508 Broadway in Highland and 115 S. Main St. in Edwardsville. The services include supportive living programs, research, community education and consultation. Information on the various services is available in Highland at 654-7232, in Edwardsville at 656-6721, or by contacting Jeanne Mayberry at 2024 State, Granite City 62040, (telephone 877-4420).

Receives award for leadership

Elizabeth Ann Zelenka, daughter of Mr. and Mrs. Thomas Zelenka, 2678 Iowa St., has received her bachelor of science degree in nursing from the University of Illinois, Chicago Medical Center. She is now residing in Chicago, where she has accepted a nursing position in the surgical unit at Rush-Fresbyterian Hospital. Miss Zelenka's parents and sisters attended the graduation and pinning ceremonies. The graduate also was among the 1981 recipients of a Leadership Award, presented by the Alumni Association at its 10th annual "Leadership Recognition Dinner" in May. While attending Illinois University, Miss Zelenka served as president of the Junior Class and was selected to appear in Who's Who in American Colleges.

"Home of Dependable Used Cars"

WANTED: TWO SALES REPS...

...to sell Oldsmobiles, Cadillacs and pre-owned cars.

Our dealership sales are up and we need aggressive, loyal, career-minded people to help us continue this trend.

It's not an easy job, but if you're ready to accept the challenge that only retail sales offer, we'll show you an earnings program and fringe benefits you'll find hard to beat.

Send us your resume detailing your sales experience.

ONLY THE ARMY CAN MAKE THIS OFFER.

A TWO-YEAR ENLISTMENT.

Only the Army can offer you a two-year enlistment, plus training, travel, and the following Army benefits.

WHEN TO REPORT.

If you qualify for our Delayed Entry Program, you can reserve the skill training or duty station of your choice for up to twelve months in advance. And we'll guarantee it.

YOUR CHOICE OF LOCATION.

You'll have several posts in the U.S. from which to choose, and there's even a chance you'll be stationed in Europe. Wherever you choose, we'll guarantee it.

YOUR CHOICE OF TRAINING.

With a two-year enlistment, you'll have a selection of over 50 skills (many have civilian applications). If your choice isn't available now, we'll guarantee it for later.

GENEROUS EDUCATIONAL BENEFITS.

We have generous college benefits. And with a two-year enlistment, you may qualify for thousands of dollars in educational assistance and substantial bonuses.

2/3 OFF YOUR STUDENT LOAN.

If you started college on a National Direct Student Loan or a Guaranteed Student Loan (made after Oct. 1, 1975), a two-year enlistment in certain skills will absolve you from 2/3 of your indebtedness or \$3,000 (whichever is greater). Only the Army can help you return to civilian life in just two years, with the majority of your student loan forgiven.

FIND OUT MORE.

To find out how to serve your country for just two years, call your local Army Representative. Check the Yellow Pages under "Recruiting."

ARMY. BE ALL YOU CAN BE.

Bridget's 'wretched' road to success

By DON FREEMAN
HOLLYWOOD — A series that sprang full-blown from a twangy little song about small-town gossip, "Harper Valley PTA," has in its cast Bridget Hanley in the role of Wanda Reilly Taylor. She is not a basic series nice person Wanda isn't, but she is trying. In fact, she is very trying.

"Wanda," says Bridget Hanley, an actress who analyzes the intent of her role, "tries so very hard but she's always a little bit off. She tries desperately to look like the pictures she sees in the magazines. She's always reading magazines, but she's always just a bit askew."

To understand the nuances of character one must look into the subtleties — if that's quite the word — of the story itself, which involves Barbara Eden as the object of all that gossip chatter and Wanda's mother as the town's principal gossip, also called by some a biddy.

This character that Bridget Hanley plays, the sheer absurdity of her, has appar-

ently struck a chord of fascination with the populace. She's not villainous like J.R. Ewing from "Dallas" but she is "wretched," says Bridget.

"This woman is about as wretched as it's possible to be and that's one reason she comes off as humorous. She thinks she is just the most divine human being there is but she's really sniveling and whiney."

"And jealous — oh, my, is she jealous of Barbara Eden! Jealous of her figure, her beauty, her style."

"She's not at all evil but just consumed by this terrible envy. She is not someone anyone would want for a best buddy. Her mother has these great aspirations, like wanting to be president of the Harper Valley PTA and Wanda wants to be exactly like her mother, who is very vain and wears flowered hats with ribbons."

I wondered where, exactly, this swell little community might be located.

"Middle United States of America," Bridget says. "In the movie, the locale was specifically the South. And when production started on the series, we were getting our Southern accents ready and practicing on our 'ya'll' dialects. Then they opted against accents and put it somewhere in the middle of the country."

"It could be Nebraska or it could be Ohio. Nobody knows, exactly. But people still feel that it's in the South. I get letters from people saying, 'Oh, I like your show. It's just like my old hometown down South.' It's only people from the South who make a point of that."

Bridget herself did much of her growing up in the

small town of Edmonds, Wash., on the shores of Puget Sound. She was born in Minneapolis — her Irish father, Lee Hanley, was a one-time all-American football player, her Swedish mother, Doris Nihlroos Hanley, a pianist. Dramatic work at the University of Washington and in San Francisco brought her to Hollywood and any number of appearances in a variety of series, such as "The Flying Nun" and "The Farmer's Daughter" and "I Dream of Jeannie."

Ultimately, she acquired her own hit series, "Here Come the Brides," in which she was cast as a spirited New Englander who rounds Cape Horn by ship to Seattle in the 1880s to make a new life and acquire a husband.

"I see people now with warm memories of 'Here Come the Brides,'" Bridget says. "There are kids with pleasant thoughts about the role I played, kids now grown up who may have used her for a role model, which I hope nobody does with the part I'm playing now in 'Harper Valley.'"

"It's strictly a comedy and fun to play but still you want the character to be as fully developed as possible. When we started, the producers had a long character analysis for Wanda — one of the words used by way of description was 'nemesis' and a bit sinister. What she is, of course, is a spoiled brat."

"Which is why," said Bridget Hanley, "audiences like it when she gets mud on her face and her wig is chopped off and someone shoots whipped cream at her. ..."
